Critical Thinking – Effective Fall 2018, both CT courses and FYS will be waived for transfer students with 60+credits and FYS and one CT course will be waived for transfer students coming in with 30-59 credits.
For additional information related to what courses meet the general education requirements go to www.marshall.edu/gened
Graduation requirement of BSN is 120 hours. Only 72 hours from a community college count towards BSN. Therefore, depending upon the number of transfer credits towards a BSN, a student may have to take additional elective hours. If your associate degree nursing program was less than 40 hours, MU SON will award up to 40 hours of credit for associate degree upon successful completion of the following classes: NUR 305, NUR 318, NUR 333, and NUR 400. It is up to each student to request additional hours of credit for an associate degree from the RN to BSN Program Director.

For courses that you are not sure of the equivalent go to https://mubert.marshall.edu/transfer/ for the Course Transfer Equivalency System. Make sure to keep copies of all your program forms.
EMAIL THIS COMPLETED FORM to your advisor and to perduede@marshall.edu by the due date on the Admission Letter. Failure to return the forms by the due date could result in students not being allowed to register for classes.
