ACTION REQUESTED:

Check action requested: ___(•) Addition ___( ) Deletion ___( ) Change

Name of Area of Emphasis: Web Application Development

Within which Major is/will this Area of Emphasis be listed (please provide code as well): Regents BA (RRBO)

RATIONALE:

The WV state guidelines prevent students in the Regents Bachelor of Arts (RBA) program from obtaining a major. However, universities can offer Areas of Emphasis in the RBA, which the state defines as 15 hours (minimum) of 300-400 level courses. Marshall University currently offers only one AOE, fewer than the other state universities. Being able to have a specific AOE on the transcript is attractive to prospective RBA students, but more importantly, the AOE allows departments to specifically guide student course selection instead of the random process students sometimes pursue.

CURRICULUM: (If addition or change, number of hours and courses; indicate if required or optional) May be submitted as separate document.

Curriculum: IST 163 - Programming Practicum with C++, IST 263 - Web programming, IST 303, IST 365 - Database Information Management, IST 430 - Electronic Commerce, IST 431, and ART 454 - Designing for Multimedia.
No new courses are necessary for this Area of Emphasis. All courses are currently active and being taught by the host department. Likewise, no additional library resources are needed.
