Unusual Enrollment History

Student's Name: _____ **MUID**: 901_____

The U.S. Department of Education requires MU's Office of Student Financial Assistance (SFA) to determine if you have legitimate reasons for your enrollment in multiple institutions. The findings of this office will determine if you may continue to receive Title IV aid, such as Pell Grant and Federal Direct Loans.

You are required to submit official academic transcripts to MU's Office of Admissions from all colleges where you enrolled and received a Pell Grant during the academic years of 2011-12, 2012-13 and 2013-14. If you cannot remember which schools you attended and received Pell Grant from, you may access the information at www.nslds.ed.gov. Once logged in, please print a copy of your Pell History and attach to this form. If you need assistance, please contact this office.

List below all colleges you attended where Pell Grant was received during the following academic years:

Year in School	Schools Attended	Office Use Only
2011-12		
2012-13		
2013-14		

You must submit this form to the Office of SFA after all transcripts from all colleges listed above have been submitted to MU's Office of Admissions. (You do not need to request a MU transcript.) This office will review your academic transcripts to determine whether academic credit was earned during the terms you received a Pell Grant.

- If academic credit was earned every term you received Pell Grant and this office has no other reasons to believe you enrolled in classes only to receive financial aid payments, you may continue to apply for Title IV aid.
- If no academic credit was earned, you will be asked to submit documentation explaining why you failed to earn academic credit. You may also be required to obtain third party documentation to support your reason(s). Documentation could include the death certificate of an immediate family member, a statement from a physician in the case of illness or accident, military orders in the case of deployment, etc.

Student's Name: _____ **MUID**: 901_____

After all documentation is submitted, a decision will be made to determine if you will continue to be eligible to receive Title IV funds.

- If you are approved for continued eligibility, you will receive notification of an awards package.
- If you are denied continued eligibility, you may submit an Unusual Enrollment History Appeal form. All appeals decisions are final.

This office has the authority to deny Title IV financial aid according to section 484(a)(4)(A) of the Higher Education Act of 1965, as amended, which requires the student to sign a statement of Education Purpose. By signing the FAFSA, you certified you would use Title IV financial aid received only to meet educational costs.
