Subject: additional details for LEP submission to graduate council
Date: Monday, August 30, 2021 12:05:23 PM

Hello Dr. Strobel,

Thank you to the graduate committee for addressing changes proposed by the Literacy Education Program for consideration by graduate council.

Please note that strikethroughs on information related to the Literacy Specialist (24 hours) and the Family Literacy (12 Hours) were passed by graduate council in 2020 and are already deleted from the version of the graduate catalog currently out for review.

Accordingly, these strikethroughs are not part of the current request for non-curricular changes.

Best wishes,

Barbara O'Byrne
