

COMPUTER AND INFORMATION SECURITY

REQUIREMENTS

CORE CURRICULUM The Core Curriculum is designed to foster critical thinking skills and introduce students to basic domains of thinking that transcend disciplines. The Core applies to all majors. Information on specific classes in the Core can be found at marshall.edu/gened.

CORE 1: CRITICAL THINKING

CODE	COURSE NAME	HRS	GRADE
FYS 100	First Year Seminar	3	_____
MTH 229	Calculus I	5	_____
_____	Critical Thinking Course	3	_____
Additional University Requirements			
_____	Writing Intensive	3	_____
_____	Writing Intensive	3	_____
_____	Multicultural or International	3	_____
CYBR 490	Senior Project	3	_____

CORE 2:

CODE	COURSE NAME	HRS	GRADE
ENG 101	Beginning Composition	3	_____
ENG 201	Advanced Composition	3	_____
CMM 103	Fund Speech-Communication	3	_____
MTH 229	Calculus I	5	_____
BSC 120	Physical/Natural Science	4	_____
_____	Core II Humanities	3	_____
_____	Core II Social Science	3	_____
_____	Core II Fine Arts	3	_____

MAJOR-SPECIFIC

All Computer and Information Security majors are required to take the following courses:

CODE	COURSE NAME	HRS	GRADE	CODE	COURSE NAME	HRS	GRADE
MTH 220	Discrete Structures	3	_____	CS 330	Operating Systems	3	_____
MTH 229	Calculus I	5	_____	CS 402	Computer Architecture	3	_____
STA 225	Introductory Statistics	3	_____	CS 410	Database Engineering	3	_____
BSC 120	Principles of Biology w/ Lab	4	_____	CYBR 210	Computer & Info Security Principle	3	_____
CHM 211	Chemistry I	3	_____	CYBR 240	Information Security Policies	3	_____
CHM 217	Chemistry I Lab	2	_____	CYBR 310	Intro to Cryptography	3	_____
PHY 201	General Physics I	3	_____	CYBR 330	Cybersecurity	3	_____
PHY 202	General Physics I Lab	3	_____	CYBR 350	Cyber System Administration	3	_____
CS 105	Explore the World of Computing	3	_____	CYBR 360	Cyber Infrastructure Security	3	_____
CS 110	Computer Science I	3	_____	CYBR 400	Computer Security Design	3	_____
CS 120	Computer Science II	3	_____	CYBR 435	Cyber Risk	3	_____
CS 210	Data Structures & Algorithms	3	_____	CYBR 442	Cyber Operation	3	_____
CS 215	Adv Data Structures & Algorithms	3	_____	CYBR 475	Internship	3	_____
CS 305	Software Engineering I	3	_____	CYBR 490	Senior Project (C)	3	_____
CS 310	Software Engr. II	3	_____	_____	Free Elective	3	_____
CS 320	Internetworking	3	_____	_____	Free Elective	3	_____
_____	_____	_____	_____	_____	Free Elective	2	_____

MAJOR INFORMATION

- Other science with lab courses may replace the courses listed above with the approval of the program chair.
- Students are required to know and track their degree requirements for graduation or for entrance to a professional school.
- Coursework listed as "free elective" may vary for each student. Students are encouraged to use elective hours toward a minor or toward prerequisites.
- Course offerings and course attributes are subject to change each semester. Please consult each semester's schedule of courses for availability and attributes.

Milestone Course: This is a key success marker for your major. See your advisor to discuss the importance of this course in your plan of study.

COMPUTER AND INFORMATION SECURITY

The Bachelor of Science in Computer and Information Security program prepares students for careers in computer and information security fields through a strong foundation in the theory and practice and the broad education gained by core curriculum. Computer and information security is an evolving discipline that involves the study of technology, strategy, policy, and standards regarding the security of and operations in cyberspace. The program introduces students to a variety of topics in computer and information security such as computer and network protection, penetration testing and prevention, security in mobile devices and Internet of Things (IoT), and more by using state-of-the-art security tools and technologies.

COMPUTER AND INFORMATION SECURITY – 2019-2020

INVOLVEMENT OPPORTUNITIES

- Student Government Association
- Campus Activity Board
- JMELI
- Commuter Student Advisory Board
- Club Sports
- Religious Organizations
- Political Organizations
- Residence Hall Association
- Cultural Organizations
- National Society of Leadership and Success

RELATED MAJORS

- Computer and Information Technology
- Business
- Education

GRADUATION REQUIREMENTS

- Have a minimum of 120 credit hours (some colleges or majors require more);
- Have an overall and Marshall Grade Point Average of 2.00 or higher;
- Have an overall Grade Point Average of 2.00 or higher in the major area of study;
- Have earned a grade of C or better in English 201 or 201 H;
- Have met all major(s) and college requirements;
- Have met the requirements of the Core Curriculum;
- Have met the residence requirements of Marshall University, including 12 hours of 300/400 level coursework in the student's college (see section entitled "Residence Requirements" in the undergraduate catalogue);
- Be enrolled at Marshall at least one semester of the senior year;
- Have transferred no more than 72 credit hours from an accredited West Virginia two-year institution of higher education.

Colleges and specific programs may have unique requirements that are more stringent than those noted above. Students are responsible for staying informed about and ensuring that they meet the requirements for graduation.

This academic map is to be used as a guide in planning your coursework toward a degree. Due to the complexities of degree programs, it is unfortunate but inevitable that an error may occur in the creation of this document. The official source of degree requirements at Marshall University is DegreeWorks available in your myMU portal. Always consult regularly with your advisor.

YEAR ONE

Have questions? Need to talk? You already have a Friend-At-Marshall ready to help you succeed. Find your FAM Peer Mentor here: www.marshall.edu/fam

Stay on the Herd Path and come to class! Class attendance is more important to your success than your high school GPA, your class standing, or your ACT/SAT scores.

In order to graduate on time, you need to take an average of 15 credits per semester. Are you on track? Take 15 to Finish.

Join professional associations in your field like IEEE, ACM, etc.

Join the Computer Club and reach out for community activities.

Attend an intercultural festival or event on campus or in town.

Take a pulse check. Know what you need to do every year to keep your grants, scholarships, or federal financial aid.

YEAR THREE

Develop relationships with professors who can serve as future references by attending their office hours.

In order to work in your field, you need to take a certification exam. Develop a study strategy now. Check with your advisor.

Are you on track to graduate? Meet with your advisor for your Junior Eval to make sure you know what requirements you have left.

Run for Student Government and represent your fellow students while making a long-term difference on Marshall's campus.

Networking is key! Attend a Career Expo to seek employment opportunities and network with employers in your field.

Your degree requires an internship. Start planning now! Meet with your advisor to discuss your internship opportunities.

Strengthen your resume and enhance your presentation skills. Present what you've learned at an academic conference off campus.

YEAR TWO

Are you completing enough credits to graduate on time? Dropping or failing a class can put you behind. Use summer terms to quickly get back on track.

Apply to be a New Student Orientation Leader or a Campus Tour Guide.

Did you do really well in a hard course? Become a Tutor or a Supplemental Instructor.

Join the Marshall Mentor Network and connect with professionals in your field to discuss your major, career path, and more.

No need to wait until graduate school. Discuss undergraduate research opportunities with faculty in your major right now.

Have you considered adding a minor? Think about personal areas of interest you'd like to explore or how you might enhance your major with a related skill set.

Want to continue your education and increase your opportunities? Talk to a faculty member about whether graduate school fits your career goals.

YEAR FOUR

This is it! Are you on track to graduate? Meet with your advisor for your Senior Eval to see what requirements you have left.

Prepare to present at the URDC Undergraduate Research and CS Symposium in April.

Take a senior project class with Community Based Learning that connects course content to the community. Stay engaged and make a difference.

Think about who can help you grow as a student and a professional (professors, advisors, alumni, etc) and ask at least one to be your mentor.

Talk to faculty about pursuing optional professional certifications.

Explore peer leadership opportunities through the FAM program, or apply to be a UNI Peer Mentor.

Be at the top of your professional game! Prepare a final resume and practice your interview skills with a career coach in Career Education.

TRANSFERABLE SKILLS ASSOCIATED WITH THIS MAJOR

- Analytical Skills
- Design Skills
- Oral and Written Communication Skills
- Critical Thinking Skills
- Leadership Skills
- The Ability to Work as Part of a Team

ASSOCIATED CAREERS

- Security Specialist
- Cryptographer
- Security Administrator/Manager
- Incident Responder
- Penetration Tester
- Security Architect
- Security Consultant
