FOUR YEAR PLAN COLLEGE OF SCIENCE 2019-2020

CHEMISTRY (ACS CERTIFIED)

REQUIREMENTS

CORE CURRICULUM

The Core Curriculum is designed to foster critical thinking skills and introduce students to basic domains of thinking that transcend disciplines. The Core applies to all majors. Information on specific classes in the Core can be found at marshall.edu/gened.

MAJOR-SPECIFIC

All Chemistry (ACS Certified) majors are required to take the following courses:

| | CODE | COURSE NAME | | HRS | GRADE | | CODE | COURSE NAME | | HRS | GRADE |
|---|---------|----------------------------------|-----|-----|-------|---|---------|----------------------------|---|-----|-------|
| - | CHM 211 | Principles of Chemistry I | ٠ | 3 | | | CHM 331 | Chemistry Seminar | • | 0 | |

| - | PHY 211 | University Physics I | • | 4 | | | | | | | |
| | PHY 213 | University Physics II | ٠ | 4 | | | | | | | |

MAJOR INFORMATION

- · Students are required to know and track their degree requirements for graduation or for entrance to a professional school.
- · In addition to the Core General Education requirements, the College of Science requires 3 hours of Calculus, and 40 hours of upper level credit.
- Coursework listed as "elective" may vary for each student. Students are encouraged to use elective hours toward a minor or toward prerequisities.
- Students are strongly encouraged to select courses that meet two or more Core or College requirements. For example, a writing intensive literature course could satisfy the Core II Humanities requirement as well as the University writing intensive requirement.
- Course offerings and course attributes are subject to change semesters. Please consult each semesters schedule of courses for availability and attributes.
- Math is based on an ACT Mathematics score of 27 or higher. Students with an ACT Mathematics score less than 27 will be placed in the appropriate mathematics and science courses.
- Students interested in careers in technical sales, management, and marketing in the chemical industry are encouraged to take the following courses as electives: Economics 250, 253, Marketing 340, 440 or 442; Management 320.
- A Grade Point Average of 2.0 is required 1) overall, 2) at MU, 3) in all required Chemistry courses, 4) in all Chemistry courses, and 5) in all required Chemistry courses taken at MU.

CHEMISTRY (ACS CERTIFIED)

This curriculum meets the standards of the American Chemical Society and is recommended for students intending to enter the chemical profession or intending to pursue graduate work in chemistry. Students who successfully complete the requirements for the B.S. in Chemistry degree will receive a certificate from the American Chemical Society indicating that their degree meets the standards of the Committee on Professional Training.

INVOLVEMENT OPPORTUNITIES

- Student Government Association
- Campus Activity Board
- JMELI
- Commuter Student Advisory Board
- Club Sports
- Religious Organizations
- Political Organizations
- Residence Hall Association
- Cultural Organizations
- National Society of Leadership and Success
- Greek Life

RELATED MAJORS

- Biomechanics
- Athletic Training
- Education Geology
- Geography
- Environmental Science

GRADUATION REOUIREMENTS

- · Have a minimum of 120 credit hours (some colleges or majors require more);
- · Have an overall and Marshall Grade Point Average of 2.00 or higher;
- Have an overall Grade Point Average of 2.00 or higher in the major area of study;
- Have earned a grade of C or better in English 201 or 201 H;
- Have met all major(s) and college requirements:
- Have met the requirements of the Core Curriculum;
- · Have met the residence requirements of Marshall University, including 12 hours of 300/400 level coursework in the student's college (see section entitled "Residence Requirements" in the undergraduate catalogue);
- · Be enrolled at Marshall at least one semester of the senior year;
- Have transferred no more than 72 credit hours from an accredited West Virginia twoyear institution of higher education.

Colleges and specific programs may have unique requirements that are more stringent than those noted above. Students are responsible for staying informed about and ensuring that they meet the requirements for graduation.

This academic map is to be used as a guide in planning your coursework toward a degree. Due to the complexities of degree programs, it is unfortunate but inevitable that an error may occur in the creation of this document. The official source of degree requirements at Marshall University is DegreeWorks available in your myMU portal. Always consult regularly with your advisor.

CHEMISTRY (ACS CERTIFIED) - 2019-2020

YEAR ONE

to class! Class attendance is more Develop relationships with professors important to your success than who can serve as future references by your high school GPA, your class attending their office hours. standing, or your ACT/SAT scores.

Join the Alpha Chi Sigma chemistry professional fraternity.

Did you do really well in a hard

course? Become a Tutor or a

Supplemental Instructor.

Ð

Develop relationships with professors

who can serve as future references by

attending their office hours.

Apply in the spring semester for

Chemistry Department scholarships

and summer fellowships.

Apply for a nationally competitive scholarship like Goldwater, Fullbright, Rhodes, or Gates Cambridge. Contact the Office of National Scholarships at Marshall.

YEAR TWO

Discuss undergraduate research opportunities with faculty in Chemistry right now.

Present your research at a national or regional American Chemical Society meeting.

Discuss undergraduate research

opportunities with faculty in

Chemistry right now.

Take a pulse check. Know what

you need to do every year to keep

your grants, scholarships, or federal

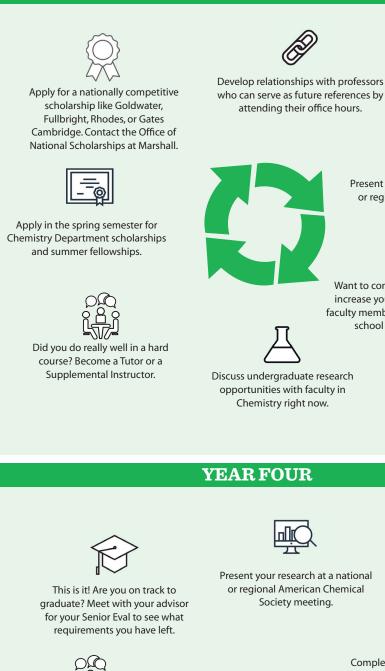

financial aid.

Want to continue your education and increase your opportunities? Talk to a

faculty member about whether graduate school fits your career goals.

Apply for a nationally competitive scholarship like Goldwater, Fullbright, Rhodes, or Gates Cambridge. Contact the Office of National Scholarships at Marshall.

Did you do really well in a hard course? Become a Tutor or a Supplemental Instructor.

Want to continue your education and increase your opportunities? Talk to a faculty member about whether graduate school fits your career goals.

Present your research at the College of Science Research Day.

ЪЦК

TRANSFERABLE SKILLS ASSOCIATED WITH THIS MAJOR

- Scientific Ability
- Oral and Written Communication Skills
- Ability to Work as Part of a Team
- Technological Literacy
- Adaptability

ASSOCIATED CAREERS

- Product Development
- Process Development
- Analysis
- Quality Assurance/Control
- Environmental Analysis
- Chemical Engineer
- Pharmacist
- Pharmaceutical Sales
- Marketing

YEAR THREE

Present your research at a national or regional American Chemical Society meeting.

Want to continue your education and increase your opportunities? Talk to a faculty member about whether graduate school fits your career goals.

Complete admissions exams (GRE, MCAT, PCAT) the summer before your senior year.

Be at the top of your professional game! Prepare a final resume and practice your interview skills with a career coach in Career Education.
