REQUIREMENTS FOR ADMISSION

The receipt of a bachelor's degree from an accepted, regionally accredited college or university is the basic requirement for admission as a graduate student to Marshall University and cannot be waived. Applicants must fulfill all admission requirements as specified in the Graduate Catalog. Students enrolled in the last semester of an undergraduate program may be admitted to some programs conditionally for one term, subject to completion of the bachelor's degree program and subject to departmental approval.

1. Complete and return all pages of the Graduate Application for Admission form to the Graduate Admissions Office.
2. When you submit the application, request that the Registrar at the institution that awarded your bachelor's degree (except Marshall University) send an official transcript directly to the Graduate Admissions Office. The transcript from the institution that awarded your bachelor's degree must contain the name of the degree earned and the date the degree was conferred. The Graduate Admissions Office cannot accept unofficial transcripts, including transcripts that are faxed or stamped "Issued to Student," or transcripts mailed or delivered by the student or a third party. Individual schools and programs may require additional credentials or documentation.
3. Take the appropriate admissions examination and have the scores sent directly to the Graduate Admissions Office by the testing agency. The Graduate Record Examinations (GRE) General Test is required of applicants to some programs, while other programs accept the Miller Analogies Test (MAT). Minimum scores on the admission examinations may be established by the academic departments. Some departments will not consider applications until all required test scores are received. Refer to the appropriate department section of the Graduate Catalog for more information.
4. Provide all other admission materials and letters of recommendation that may be required by the program to which you are applying. NOTE: If your program requires letters of reference, the letters must be original, must be signed and be sent directly to Graduate Admissions. Applicants to doctoral programs only should have letters of reference sent directly to the programs.

Enter the name of the major and the eight digit code on page one of the application. **It is recommended that applicants consult the Graduate Catalog and/or contact the specific academic department for complete information about a program before selecting a major.** Contact information for specific academic programs is available at the Marshall University Graduate College Web site: www.marshall.edu/graduate or applicants may call or email the Graduate Admissions Office or the Graduate Dean's Office for more information before selecting a major. Applicants should submit the non-refundable application fee at the time the application is submitted.

- Available for applicants with significant and documented financial need. Contact Graduate Admissions for more information.
- Available for applicants who already hold a master's degree from Marshall University and who are applying for admission to a master's, non-degree, graduate certificate or professional development program. The master's degree from Marshall must already be awarded and posted on the Marshall transcript for eligibility (no exceptions). Those applying to an educational specialist or doctoral level program are **not** eligible for the waiver.

ADDITIONAL INFORMATION

Dual Degree - Students who wish to seek admission to more than one degree program at a time (Dual Degree Status), must complete a separate application, pay an additional non-refundable application fee, submit all required credentials, and meet all admission requirements for each academic program to which admission is sought. A student must be admitted to the first program before being considered for admission to a dual degree program. Conditional status is not an admission option for dual degree students. Not all departments may accept a student who is already admitted to another graduate level program. Prior to submitting an Application for Graduate Admission, please check with the academic department(s) of the program(s) in which you are interested. Students who desire a second area of emphasis within their major should notify their advisor(s) after admission.

Provisional Enrollment - A student may be admitted as provisional by a degree program after submission of all required application materials when the applicant possesses a baccalaureate degree from an accepted, regionally accredited institution and shows academic promise but does not meet the criteria for full admission. A provisional student must be reclassified as fully admitted no later than the completion of the 12th graduate credit hour. This is accomplished by meeting the conditions established by the academic program and by maintaining at least a 3.0 GPA in courses identified by the program faculty and approved by the appropriate dean.

Conditional Enrollment - In some programs, applicants who are not fully admitted may register for courses with conditional enrollment status in the semester for which they have applied for entry based upon submission of (1) a properly completed Graduate Application for Admission form, (2) official undergraduate and graduate transcripts from all institutions attended, including one which certifies the receipt of a bachelor's degree from an accepted, regionally accredited institution, (3) an overall undergraduate GPA of 2.5 on a 4.0 scale, and (4) the appropriate application fee. Applicants who are permitted to enroll for one semester ('enrolled' is defined as registered when a term begins or anytime thereafter) as conditional students (even if they do not attend the classes) are not eligible to register for subsequent terms until they complete all admission requirements and are fully admitted to the requested program. A student cannot be conditionally admitted to multiple programs within one calendar year and cannot be conditionally admitted to the same program, at any time, more than once. Many programs do not accept conditional enrollments and require applicants to be fully admitted before enrolling for courses.
