

# CERAMICS

The School of Art & Design (SOAD) curriculum guides augment your 2014-2015 Undergraduate Catalog. Use them to help plan each semester of your program. The guides:

- offer a semester-by-semester plan for your study,
- outline your general education, your school and your major requirements,
- include reminders about internships and graduation checks, and
- summarize your graduation requirements.

## A suggested semester-by-semester plan

The following plan is a suggested model for progress through fibers, an area of emphasis within the BFA program. It may be beneficial to take courses in different time frames, but watch particularly the sequence of SOAD - BFA requirements. Plan course selections so that critical thinking, multicultural, international and writing intensive requirements are included.
