

2008 Graduating Senior Survey BS in Chemistry Questions

Marshall University

Mean Comparisons for Importance and Satisfaction

Scale = 1 (Not important/Not satisfied) to 4 (Very important/Very Satisfied)

Question 1: There were sufficient number and variety of elective courses in the Chemistry curriculum: $n = 47$ (I) and 48 (S)

Question 2: Chemistry courses encourage thinking and analytic skills: $n = 47$ (I) and 48 (S)

Question 3: Chemistry courses promote improved communication skills: $n = 47$ (I) and 47 (S)

Question 4: Chemistry program provides adequate experience with and use of computers: $n = 47$ (I) and 48 (S)

Question 5: Lab activities for Chemistry courses were relevant and important to the development of difficult concepts: $n = 47$ (I) and 48 (S)

Question 6: Lab activities for Chemistry courses provided active student involvement and participation for the development for the basic technical skills: $n = 47$ (I) and 48 (S)

Question 7: Members of the Chemistry faculty appeared to be competent and knowledgeable in their fields: $n = 47$ (I) and 47 (S)

Question 8: Members of the Chemistry faculty appeared to be fair and unbiased towards students regardless of race, gender, age and/or disability: $n = 47$ (I) and 48 (S)

Question 9: Members of the Chemistry faculty were generally accessible and friendly: $n = 47$ (I) and 48 (S)

Question 10: I would recommend Marshall University to a friend who wished to major in Chemistry: $n = 47$ (I) and 48 (S)
