

Logo Contest for Autism Awareness! The WV Autism Training Center

Logo Theme

- Life of Quality
- Inclusion
- Support
- Understanding
- Community

Interested in seeing your artwork displayed across campus?

The WV Autism Training Center and The College Program for Students with Autism Spectrum Disorder are looking for talented Marshall University students or community members to create a logo that will help individuals on the autism spectrum identify those on campus who have a knowledge and understanding of the diagnosis. Please use your imagination and avoid puzzle pieces and ribbons in your artwork. Contest ends 12/1/2014. Send artwork or questions to Hillary Adams at brown235@marshall.edu. Winner's artwork will be created into official logo for this cause.
