

West Virginia Society of Professional Engineers
American Council of Engineering Companies of West Virginia

To: Steven Leftwich, Chair, Civil Engineering Department
WVUIT
From: Carol Costello, P.E., Scholarship Coordinator
Re: WVACE/WVSPE Scholarship Program
Date: January 22, 2008

Dear Dr. Leftwich:

The West Virginia Society of Professional Engineers and West Virginia Association of Consulting Engineers are accepting applications for their scholarship program for WV engineering students. The scholarship requirements are as follows:

Program Rules:

The scholarship is available to West Virginia resident students enrolled in their 3rd or 4th year of an approved engineering curriculum in a WV State school. This program is to encourage professional development starting on the educational level. The distribution of funds is based upon an evaluation of applications received. Applications will be accepted through February 7, 2008.

The scholarships will be awarded at the Engineers Week Banquet.. We do not have a total dollar amount that we expect to award, but in past years we have distributed approximately \$5,000 in varying amounts to 8 to 10 students.

To this end we are soliciting applicants for the scholarships. Attached are application instructions for you to distribute among your students. We would request that this happen at your earliest convenience, as the deadline is February 7, 2008.

If you have any questions regarding this program, or if someone other than yourself should have received this information, please contact me at carolcostello@mgcwv.com or phone me at 304-348-1651.

Thank you in advance for your support and best wishes.
