- **Please complete the following:**
 - **I liked:**
 - *“Hands on. I still feel overwhelmed! Because I do not have a computer at home or at my work site to practice on.”*
 - *“Receiving the great materials.”*
 - *“Going through the process step by step of taking pictures and downloading them into the folders on the computer for the students.”*
 - *“All of it.”*

- *“The presenters were very nice. I’m pretty computer savvy, so there wasn’t much I didn’t already know. But, there were so many people in the room who needed the extra help, so I didn’t care to help others.”*
 - *“The way they helped me with very little knowledge. They didn’t treat me different (helped a lot) but was still very kind.”*
 - *“The way you took turns leading your help at individual computers.”*
 - *“The ease of the presentation. I loved it!”*
- **I wished:**
- *“I knew what I was doing. It is a little overwhelming”*
 - *“My classroom aide was here to learn also.”*
 - *“Maybe they could divide the groups based on how much teachers already know about technology!”*
 - *“We had been asked about our knowledge of technology previously. I had done probably 99% of these things before and could have done it with simple directions for the website by myself.”*
 - *“I knew more about computers.”*
 - *“We could have done this two days.”*
 - *“Another practice session with Wiki at a later date.”*
 - *“For more time.”*
- **The most important thing I got from this workshop was:**
- *“Don’t get upset—take time, practice, you’ll get it!”*
 - *“The Wiki page.”*
 - *“Learning with Vista.”*
 - *“Everything!”*
 - *“I love the idea of student folders and allowing students to take pictures. I’m excited.”*
 - *“Motivation to download and organize my photos for classroom.”*
 - *“Learning how to transfer and create folders.”*
 - *“I actually enjoyed it!”*
- **Other comments that would be helpful:**
- *“I really liked this class.”*
 - *“I think school teachers will have a hard time with printing photos all year—not enough colored ink!”*
 - *“Great job!”*
 - *“I feel I would have received more benefit from more study of environment—maybe should be individually based.”*
 - *“County reinforced training.”*
