### REQUIRED UNDERGRADUATE COURSES FOR HISTORY MAJORS WHO WISH TO PURSUE THE MASTER OF ARTS IN TEACHING

Among the many graduate programs History majors might want to explore as early as possible in their undergraduate program is the Master of Arts in Teaching. This MAT is designed for college graduates from a variety of fields, including History. The MAT combines the academic content of an undergraduate degree with graduate professional education and clinical experiences. This combination of education and professional experiences is designed to prepare an individual for the teaching profession. The MAT provides an alternative and accelerated means for teaching certification in grades 5-12. Interested students should discuss the MAT with their History advisor so that they can plan their undergraduate program accordingly.
