

GIS DAY 2017

Poster Exhibition, GIS Software Contest, GPS and more...

Wednesday, November 15, 2017, 9:00 - 1:30 p.m.
(BE5, Memorial Student Center)

Come and have fun learning about geographic information systems (GIS) and remote sensing (RS). Discover the various ways our faculty and students are using the GIS/RS technology.

| | High School Students | Undergraduate/ Graduate Students |
|-------------------|--|--|
| 9:00-9:30 am | Welcome and Introduction (Student Center BE5) | |
| 9:30-11:00am | GIS software exercises (Corbly Hall 330) | Poster exhibition (Student Center BE 5) |
| 11:00-11:30 am | Keynote Speaker: Mr. Mack McCarty (US Army Corps of Engineers – Huntington District) “Drones for GIS and RS” | |
| 11:30am- 12:30 pm | Dutch lunch | |
| 12:30-1:30 pm | GPS scavenger hunt (On-campus) | Poster exhibition (Student Center BE 5) |

We invite all interested faculty, students, and staff to participate in the GIS poster exhibition. If you want to participate or have a question, please contact Dr. Leonard (leonard@marshall.edu, 304-696-4626).
