

Online Proctoring

All Day and All of the Night.

You have 5 FairExam® Levels to choose from:

AA Level AA: Auto-Authentication

Designed for lower stakes assessments and meeting accepted standards. Test-takers snap pictures of their ID and face, answer challenge questions and enter a biometric keystroke signature to verify identity.

LA Level LA: Live Authentication

Live Authentication is best suited for tests that matter more. Level LA ensures an agreed-to understanding of exam rules and "clean" test environment. Challenge questions, ID verifications, facial comparisons, keystroke analysis and full recordings help make this level our most reliable authentication.

1 Level 1: Automated Proctoring

Examity®'s fully automated proctoring solution. After auto authentication is complete, Examity® captures audio, motion, and systemic changes to identify inappropriate behaviors.

2 Level 2: Record and Review Proctoring

After live-authentication, each test is recorded from start to finish and is later viewed by a human, in its entirety, to ensure that no rules have been violated.

3 Level 3: Live Proctoring

After completing the live-authentication process, Examity® monitors the test-taker's surroundings and entire desktop throughout the exam. This is considered the most secure approach within the online proctoring industry. An advantage to this level is that Examity® may comment and troubleshoot in real-time during the test.

Examity®: Premiere online proctoring solution for Marshall University. Examity® authenticates test-takers, prevents cheating and protects test content, too.

When it comes to test integrity, you deserve to have options. Rather than offering just one style of proctoring, Examity® lets users select from five FairExam® security levels allowing needed flexibility for any situation.

Integration, Pricing Structure and Contact Info

Examity® works closely with Online Learning at Marshall University. Examity® is an approved authentication and proctoring partner and offers different levels of testing security ranging from automated, record and review and live proctoring. Our purpose is to ensure test integrity and uphold Marshall's academic reputation and since we are integrated with Blackboard, Examity® is available to you and so easy to use.

We understand at Marshall you have a choice of proctoring methods. Examity®'s remote proctoring services allow students to take their test when it is most convenient 24/7/365 and in an environment they choose helping them to perform at their highest level of ability. The cost of our service can be incorporated into a student fee and combined with your departmental budget.

Prices include authentication, proctoring, reporting, support, communication, training, and account management:
