GRADUATE APPLICATION FOR ADMISSIONS

Download the Admissions packet or International application packet by visit the Marshall Graduate Admissions page at <http://muwww-new.marshall.edu/graduate/>

ACADEMIC COMMON MARKET PROCEDURES

The Academic Common Market Program enables students who come from states which do not offer a graduate-level Forensic Science Program to attend Marshall University at the in state tuition rate.

Students who wish to obtain Academic Common Market benefits at Marshall University must follow these steps:

1. Provide to the Office of Academic Affairs, 110 Old Main, an original certification from the student's residency state agency approving Academic Common Market to a specific program at Marshall University.
2. Provide proof of admission to Marshall University and to the specified program. This should be delivered to the Office of Academic Affairs.
3. Provide proof of satisfactory progress within the specified program each semester. This can be done by completing the Academic Common Market Satisfactory Progress Report, available in the Registrar's Office, 106 Old Main, online at www.marshall.edu/academic-affairs or within the forms section of this guide, prior to the due date for fee payments for any term of enrollment.

The deadline for submission of all materials is the last day of late registration for the semester for each term of enrollment.

Common Market States for Forensic Science (as of 05/26/2015)

- Delaware
- Georgia
- Kentucky
- Louisiana
- Maryland
- South Carolina
- Tennessee
- Virginia

NOTE: The Academic Common Market waiver (ACM waiver) **will not** change your student status from Non-resident to Resident. Your student status will remain Non-resident; therefore, your fees will always be assessed based on ones student status. Once the Office of the Bursar has been notified by the office of Academic Affairs that a student is academically eligible for the ACM waiver, it is applied to an account. The waiver amount will bring the cost of tuition down from Non-resident (or Metro) to resident.

ACADEMIC COMMON MARKET CONTACTS

The first step in qualifying for Academic Common Market is to contact your state's representative and get certification. Below is a list of the qualifying states for Marshall University Forensic Science Program and their contact information.

DELAWARE

Chesiree Wise

Data Analyst
Delaware Higher Education Office

GRADUATE ADMISSION CHECKLIST

This checklist outlines all items required for admission to the Marshall University Forensic Science graduate program. All items must be submitted and received by March 1, to be considered for fall enrollment. Entrance into the Forensic Science Program is restricted to the fall semester only, but you may apply at any time. All application, admission, and degree-granting requirements and regulations shall be applied equitably to individual applicants and students regardless of age, sex, race, disability, religion, or national origin.

NAME

- BACHELOR'S DEGREE**—Obtained from an accepted, regionally accredited college or university. Forensic Science requires a degree in a forensic or natural science, computer science, computer electronic or electrical engineering, information systems or information technology (or its equivalent coursework in a relevant field); overall 3.0 GPA.
- CORE SCIENCE COURSES**—You must take a year of each of these courses and their associated labs: biology, general chemistry, organic chemistry, and physics. Biochemistry is also suggested. Higher-level courses may substitute for introductory courses.
- DETERMINE RESIDENCY**—WV, Metro, Non-Resident, or Common Market.
 - Metro Counties**- In Ohio: Gallia, Jackson, Lawrence, Meigs, Pike and Scioto
In Kentucky: Boyd, Carter, Elliott, Floyd, Greenup, Johnson, Lawrence, Martin and Pike
 - Common Market**- Residents of states that do not have a certain degree program offer a Academic Common Market Tuition Waiver which will bring the cost of tuition down from Non-resident (or Metro) to resident. Check qualifying states and print application for Common Market at www.marshall.edu/academic-affairs/studentresources.asp. Current Common Market states for the Forensic Science Program include as of September 2010 include: GA, KY, LA, NC, SC, and TN.
- GRADUATE ADMISSIONS APPLICATION**—Complete and return all three pages of the form and submit *with* payment to the Graduate Admissions Office. (Online at www.marshall.edu/graduate)
- SEND OFFICIAL TRANSCRIPTS**— Request the registrars at all colleges and universities previously attended send official transcripts directly to the Graduate Admissions Office (transcript from the institution that awarded your bachelor's degree must contain the name of the degree earned and the date the degree was conferred.) Transcripts of all previous graduate work must be submitted. The Graduate Admissions Office cannot accept faxed transcripts and transcripts that are stamped "Issued to Student."
- SUBMIT GRE SCORES**—Take the Graduate Record Examinations (GRE) and have the scores sent to the Graduate Admissions Office by the testing agency. You may indicate the highest sub-scores from separate sittings of the exam. Tested AFTER 8/1/11, Applicants should perform in the top 50% of test-takers in each of the three categories: verbal, quantitative, and writing. Tested BEFORE 8/1/11, applicants should have a combined score (Verbal + Quantitative) of ≥ 1000 . Check www.gre.org for test time and locations.
- THREE LETTERS OF REFERENCE**—The Forensic Science Program requires that 3 letters of reference/recommendation be submitted. These must be on formal letterhead from individuals familiar with the applicant's academic performance, moral character and/or work ethic.
- APPLICANT PERSONAL STATEMENT**—Providing justification for their admission to the Forensic Science Program.
- BACKGROUND CHECK**—The Forensic Science Program requires that a background check be performed prior to being fully admitted to the program. Background checks similar to those required for law enforcement officers are likely to be a condition of employment (Reference: NIJ Report NCJ 203099 – "Qualifications for a Career in Forensic Science." pp. 7-10). A MUFSP staff member will send you the documents necessary to perform the check.
- HEPATITIS B VACCINATION/TITER**— Or formal declination of vaccination. Required prior to full-admission to the program.
- SUBMIT FAFSA**—Fill out the Free Application for Federal Student Aid (FAFSA) via www.fafsa.ed.gov and indicate Marshall University's Federal School Code:

All materials should be submitted to:
Marshall University
Graduate Admissions Office
100 Angus E. Peyton Drive
South Charleston, WV 25303-1600
Telephone: 1-800-642-9842
services@marshall.edu

Marshall University Forensic Science M.S. Degree Program

DEPARTMENTAL APPLICATION

WORKSHEET (Revised 10/11/13)

FORENSIC SCIENCE

This worksheet outlines all items required for admission to the Marshall University Forensic Science graduate program. Each of the items below should be submitted to the Graduate Admissions Office by March 1 for the best chance to be accepted, although applications will be considered each year through mid-August

FULL NAME

PERSONAL STATEMENT. You may discuss any topic of your choice, but we encourage you to address why you want to study forensic science, your academic and work experience in the field, and the strengths of your application.

UNDERGRADUATE DEGREE. A Baccalaureate degree in a natural science, forensic science, computer science, computer electronic or electrical engineering, information systems or information technology (or its equivalent coursework in a relevant field) from an accredited institution of higher education is required. This degree must be completed prior to entry into the M.S. Forensic Science Program. If you attended a university where you did not earn a degree, indicate it along with the GPA for coursework performed, and mark "none" for degree earned.

Institution	Credit Hours	GPA	Degree Earned or Anticipated (BS, BA, None)	Date of Graduation	Major or Field of Study	Minor or Area of Emphasis

CORE COURSES AND GRADES. Prior to formal entry into the program, you must have completed all core course requirements. These include 2 semesters (or 3 quarters) each of Biology, General Chemistry, Organic Chemistry (each with their labs). Each course should be at a level appropriate for a natural science degree. Higher level courses may substitute for introductory courses. If it is unclear from your transcripts that you have taken a full year of each course and its associated lab (e.g., your lecture and lab courses are combined), please make note below and attach supporting documentation such as photocopies of course catalog description.

Grades

	First Semester		Second Semester		University where credits were obtained & any comments
	Lecture	Lab	Lecture	Lab	
Biology					
General Chemistry					
Organic Chemistry					
Physics					

GRE SCORES. The applicant may indicate scores from multiple sittings of the exam. An official score report must be sent to Marshall University Graduate College. Marshall's DI Code: 5396.

VERBAL	QUANT	ANALYTICAL WRITING	TOTAL OR %	DATE TAKEN

THREE LETTERS OF RECOMMENDATION. Must be on formal letterhead from individuals familiar with your academic performance, moral character, and/or work ethic.

	Last	First	Relationship to Applicant
Reference 1			
Reference 2			
Reference 3			

COMMENTS. Additional details or clarifications.

CERTIFICATION. I certify that the above information is correct to the best of my knowledge.

 APPLICANT SIGNATURE

 DATE

All materials should be submitted to:
 Marshall University Graduate Admissions Office
 100 Angus E. Peyton Drive, South Charleston, WV 25303-1600
 Telephone: 1-800-642-9842, services@marshall.edu

FORENSIC SCIENCE M.S. DEGREE PROGRAM

About Our Program

The FEPAC-accredited Forensic Science Program at Marshall University is a two-year academic program leading to a Master of Science in Forensic Science (MSFS). Nationally the MSFS at Marshall University is one of a limited number of FEPAC accredited graduate-level programs (aafs.org). MUFSP offers a unique opportunity for students to learn in and near accredited (ISO 17025) forensic testing and DNA databasing labs.

With the increasing introduction of scientific evidence into court testimony and the demand for standardized educational programs, Marshall University's Forensic Science Program satisfies federal and state standards and guidelines to enable its graduates to enter this fascinating field well equipped to respond to future challenges.

The program includes a five-semester core curriculum with both thesis and non-thesis options. In addition to this strong, broad-based core curriculum, four areas of emphasis are offered that allow students to obtain additional in-depth education and training. Students may select any combination of the emphases, up to 4, which may be completed in the standard five semester program. These areas of emphasis include Crime Scene Investigation, Digital Forensics, DNA Analysis, and Forensic Chemistry.

On-site research and service forensic laboratories at the Marshall University Forensic Science Center (MUFSC) provide students with opportunities to participate in inner workings of a forensic laboratory. These include accredited laboratories providing CODIS databasing, parentage testing, and DNA casework, as well as forensic chemistry, digital forensics, and microscopy/comparative sciences. Off-site internships are also available.

Admission Policy

Entrance into the Forensic Science Program is restricted to the fall semester only. Applicant materials should be submitted by March 1 to have the best chance for admission for the fall term. The program observes a rolling application policy so that individuals may apply at any time. Applicants are considered after the deadline if openings are available in the program. Students who apply by or before March 1 have a better chance of admission than those who apply after March 1; however, it is not uncommon for applicants to be notified throughout the year.

The program reserves the right to withdraw its offer should the applicant fail to successfully meet all requirements for fall enrollment.

Admission Requirements

The complete application process includes:

1. Go to www.marshall.edu/graduate. Fill out the Departmental Application **AND** the Application for Graduate Admission
2. Completion of a Free Application for Federal Student Aid (FAFSA) as soon after January 1 as possible at www.fafsa.edu.gov.
3. Submission of formal transcript(s) documenting that the applicant has:
 - Completed a Bachelor's degree in a forensic or natural science, computer science, computer electronic or electrical engineering, information systems or information technology (or its equivalent coursework in a relevant field) from an accredited institution of higher learning.
 - Achieved an overall Grade Point Average of 3.0 or better.
 - Successfully completed 1 academic year of biology and its associated labs.
 - Successfully completed 1 academic year of general chemistry and its associated labs.
 - Successfully completed 1 academic year of organic chemistry and its associated labs.
 - Successfully completed 1 academic year of physics and its associated labs.
 - It should be noted that successful completion of an undergraduate course in biochemistry is recommended, but not required, prior to entry into this program.
4. Graduate Record Exam (GRE): Applicants should achieve a score of 150 or higher on the verbal and quantitative sections and a score of 3.5 or higher on the analytical writing section.
5. Formal Letters
 - Applicant's Personal Statement providing reasons why he or she should be admitted to the Forensic Science Program.
 - 3 Letters of Recommendation on formal letterhead from individuals familiar with applicants' moral character, academic acumen and aptitude, integrity, and work ethic.

*Qualified applicants may be awarded a 'Conditional Admission,' for one semester to satisfactorily complete select admission requirements.

Full admission to the program, once an offer is made, is also contingent on receipt of final official transcripts, successful completion of a background check*, documentation of hepatitis B vaccination/titer or formal declination of vaccination, and receipt of other documentation required for enrollment.

*A background check similar to those required for law enforcement officers are likely to be a condition of employment (Reference NIJ Report NCJ 203099- Qualifications for a Career in Forensic Science pp7-10).

Academic Common Market Information

Academic Common Market (ACM) is a program through which students from states without a M.S. program in Forensic Science may qualify for the equivalent of in-state tuition. As of 2015, those states include: DE, GA, KY, LA, SC, and TN.

Financial Aid Information

There are several forms of financial support available to U.S. citizen graduate students who have completed their FAFSA including: loans, graduate and teaching assistantships, work study and scholarship waivers. Please contact Marshall's Financial Assistance Office for more information, sfa@marshall.edu.

QUICK FACTS

Ranked #1 in the U.S. on the 2007, 2009, 2012, 2013, 2014 and 2015 Forensic Science Assessment Test (FSAT)

Small student to faculty ratio

Students complete a research-based internship in a working laboratory, at the local, state, or federal level

Marshall's Multiple on-site forensic laboratories, as well as a mock Crime Scene House, provide real-world experience

Our alumni span the globe; many are employed by the FBI, ATF, DEA, AFDIL, Secret Service, State Department, state crime labs, private laboratories and agencies

Specializations available in up to four areas of emphasis: Crime Scene Investigation, Digital Forensics, DNA Analysis, and Forensic Chemistry.

Our M.S. Program is Fully FEPAC accredited by the American Academy of Forensic Science—aafs.org in Forensic Science and Digital Forensics

Forensic Science Education Program Accreditation Commission

AREAS OF EMPHASIS

The FEPAC-accredited Forensic Science Program provides a broad-based graduate level curriculum in forensic science. In addition to the core curriculum, the Marshall University Forensic Science Program offers four areas of emphasis: Crime Scene Investigation, Digital Forensics, DNA Analysis, and Forensic Chemistry. While one area of emphasis is required, students may complete up to four areas of emphasis during their standard five-semester course of study. Completing multiple areas of emphasis is contingent on maintaining good academic standing while enrolled in the program. Our program is unique in that it encourages a variety of specializations.

Digital Forensics

Course	Hrs
FSC 605 Forensic Digital Imaging	3
FSC 609 Network Forensics	3
FSC 634 Digital Evidence Search & Seizure	3
FSC 676 Advanced Digital Evidence Detection & Recovery	2

DNA Analysis

Course	Hrs
FSC 600 Cell and Molecular Biology OR BSC 550 Molecular Biology	3
FSC 603 Genetics & DNA Laboratory	1
FSC 627 Human Genetics	2
FSC 629 Advanced DNA Technologies	2

Forensic Chemistry

Course	Hrs
FSC 608 Forensic Toxicology	3
FSC 626 Advanced Drug Analysis	2
FSC 628 Chemical Analysis of Trace Evidence	2

Crime Scene Investigation

Course	Hrs
FSC 607 Bloodstain Pattern Analysis	3
FSC 615 Advanced Crime Scene Investigation	3
FSC 617 Advanced Photography and Documentation	3

Visit www.marshall.edu/forensics for more information or to download an Admissions Packet.

Core Curriculum

Course		Credits
FSC 604	Genetics and DNA Technologies	3
FSC 606	Crime Scene & Death Investigation	2
FSC 612	Forensic Microscopy	2
FSC 618	Forensic Comparative Sciences	2
FSC 619	Forensic Statistics	3
FSC 622	Forensic Analytical Chemistry	3
FSC 623	Forensic Analytical Chemistry Lab	1
FSC 624	Biochemistry	4
FSC 630	Forensic Science Internship	5
FSC 632	Foundations and Fundamentals in Digital Evidence	3
FSC 665	Legal Issues in Forensic Science	3
FSC 680	Seminar (Semesters 1, 2, 4, 5)	4
	Approved Elective	3
TOTAL		38

Digital Forensics

Computers and other digital devices hold a wealth of information including text, digital images, audio and video, which can serve as key evidence for solving crimes. Forensic software programs can be used to image digital storage media and the images can be analyzed using a variety of investigative software programs. Mobile phone forensics is an area that is emphasized in the forensic science courses, as well as investigation of computers and gaming devices. The opportunity to participate in hands-on experiences with investigative tools allows students to participate in mock investigations in preparation for careers in this exciting discipline.

DNA Analysis

The Marshall University Forensic Science Center is home to the academic program as well as a service-oriented DNA laboratory. The Combined DNA Indexing System (CODIS) for West Virginia is a secure facility that uses state-of-the-art technology. MU DNA Lab faculty and staff serve as instructors and supervisors for various DNA-based courses while providing select students with real-world experience, training, and exposure to the inner workings of a forensic DNA laboratory. The DNA emphasis exceeds the DNA Advisory Board standards by requiring a total of 12 graduate level credit hours addressing the DNA guidelines.

Forensic Chemistry

Students pursuing careers in forensic drug analysis, toxicology, and trace evidence will benefit from the completion of the Forensic Chemistry emphasis. As some agencies may require 30 or more hours of chemistry coursework, the Forensic Chemistry emphasis provides additional education and hands-on training to meet these federal and state guidelines.

Crime Scene Investigation

The Crime Scene Investigation emphasis provides students with the tools and hands-on experience to excel and become leaders in their field. The Forensic Science Program has its own Crime Scene House that allows students to obtain real-world experience and training through the completion of mock crime scene exercises.

Internships

All students are required to successfully complete a research-based summer internship in an approved crime laboratory or forensic science-related agency.
