# How to Create an EPAF in Banner

- 1.) Log onto the EPAF form by typing “NOAEPAF” in the “Go To...” box and hit “Enter” **OR**  
 You can also access the EPAF form by clicking on the “Human Resources [\*HRS]” link.  
 Click on the “Electronic Approvals [HRSELECAPPR]” link.  
 Click on the Electronic Personnel Action link [NOAEPAF]

**You must make sure that before you begin an EPAF all the information on the top must be cleared out before you can begin. If you previously did an EPAF, the information at the top will appear. You will need to go to “Record” and “Clear” to remove all of the information.**

- 2.) If you know the employee’s 901 number, enter it in the ID text box.
- 3.) If you do not know the employee’s 901 number, click on the drop-down arrow beside the ID text box.
- 4.) Select the “List for Person” **SOAIDEN** link from the pop-up menu  
 Enter the person’s Last Name and First Name and either press “F8” or from the top menu click “Query” and then “Execute.”
- 5.) Once you have selected the employee’s name, it will appear on the EPAF form.
- 6.) You will now select an Approval Category. For the Summer School Faculty Session the choices are:

CATEGORY NAME	SUMMER SCHOOL SESSIONS <u>DO NOT USE THE DATES BELOW IN EPAF</u>	BANNER PAYROLL BEGIN DATE <u>(USE FOR QUERY DATE)</u>	BANNER PAYROLL END DATE
SSFINT	Intersession  May 13, 2013 – June 7, 2013 (100% FY13 )	05/10/13	06/10/13
SSFAAO	Session 1-A  (May 20, 2013– June 30, 2013) ( FY13 at 50% )	05/25/13	06/25/13
SSF01B	Session 1-B  (July 1, 2013– August 9, 2013) ( FY14 at 50% )	07/01/13	08/09/13

<b>SSFS2A</b>	<b>Session 2-A</b>  (June 10, 2013 – June 30, 2013) (FY13 65%)	<b>06/11/13</b>	<b>06/25/13</b>
<b>SSFS2B</b>	<b>Session 2-B</b>  (July 1, 2013 – July 12, 2013) (FY14 35%)	<b>07/01/13</b>	<b>07/09/13</b>
<b>SSFS03</b>	<b>Session 3</b>  (July 15, 2013 – August 16, 2013) (FY14 100%)	<b>07/10/13</b>	<b>08/09/13</b>

Now click “OK”.

- 7.) You will notice that the “Approval Type” field has been populated based on the Approval Category chosen.
- 8.) Please click in the “Query Date” text box. This date is the “Banner Payroll Begin Date” from above. This is not the date when the session begins. Enter the date here.
- 9.) Click in the “Position” text box. If you know the position number, enter it here.
- 10.) If you do not know the position number, click on the drop-down arrow beside the position text box. Summer School position numbers MUST begin with “C2” followed by the four-digit org the position is paid from.
- 11.) Select “List of all Positions” from the pop-up menu.
- 12.) Search for the correct position number in the list provided. Then double click on the position number to select.
- 13.) You now need the “Suffix Number.” Click the down arrow and select the “List of Employee’s Jobs” link. This takes you to the NBIJLST form. Once you are on this form, you will need to do a rollback and change the query date on the top right of the screen.
- 14.) Change the date 07/01/ 1999 to see if the person has had this position before. If not, their suffix will be “01.” If they have had this position before, select the next chronological Example: If a person has position # C21234 and the last suffix listed beside that position is “27,” then the suffix that you will use on the EPAF you are creating is “28.” Click the “X” to exit from this screen.
- 15.) Enter the number in the “Suffix” textbox. Please Note: If you type in the suffix, and a date appears in the “Last Paid Date” field beside the Query Date, if information appears in the “Current Value Field,” you have chosen the wrong suffix. Also remember if you have entered any other EPAFs for this person recently with the same position, go to the next suffix number even if it doesn’t appear on NBIJLST.

**Example: You just entered and EPAF for Susie Smith with position C21234 with suffix 12. If this job does not appear on NBIJLST, it has not been applied to the database yet, so on the next EPAF for her with this position number choose suffix 13.**

- 16.) You will now need Control + Page Down to see in EPAF information below. You will notice that most of the field information is defaulted in. The fields that you will need to enter are blank.
- 17.) The middle fields, “Current Value” should be empty. If they are not, the incorrect suffix has been used. You will need to do a rollback, **do not save any information if asked**, and repeat # 14 & 15.
- 18.) Enter the “Annual Salary,” numbers only. Ex. \$1,000.00 can be entered as 1000. If you are paying with cents you need to enter decimals Ex. \$1,235.23 can be entered as 1235.23.
- 19.) Enter the “Timesheet Orgn.” This is the org where the employee actually works, not necessarily the org from which they are paid.
- 20.) The contract type is defaulted as “S” for secondary job. If this is a primary job for the employee, change the “S” to a “P.”
- 21.) Click the “Save” button.
- 22.) Select “Options” from the top menu.
- 23.) Select “Next Action” from the options menu.

  - a. If there are multiple lines for the Labor Distribution, you only need one of the lines. Remove the line which is not needed; click on that line and go to the icon menu at the top underneath File, Edit where the pictures are showing. Click “Remove Record.” You may need to click it a couple of times to make sure the entire record is removed. Once the record is removed, you will need to change the percentage to “100.”
  - b. **DO NOT ENTER ANYTHING IN THE FUNDING LINE THAT IS NOT ALREADY THERE!!!**
- 26.) Hit “Save.”
- 27.) Select “Options” from the menu.
- 28.) Select “Next Action” from the options menu.

You will just need to click on the “Transaction” tab on the left side of your screen and then do a rollback. If you do additional EPAFs, make sure all the information at the top of the form is taken off. When you start a new EPAF the fields should be blank. You will now enter a 901 number. You will also ignore the remaining instructions.

61.) If you do not see “Transaction Submitted,” and a new screen NOIEMSG pop-up, this means that you have “Errors and/or Warnings”. You can “ignore” the warnings because the EPAF will send
