News: Grant Chat

Friday, January 16, 2009

The next Grant Chat, "Small Grant Opportunities," will focus on support provided by the West Virginia Space Grant Consortium and the WV-EPSCoR Office. Both offer support for student scholarships, travel, outreach, seed money, research, and collaborative projects. The event is scheduled for Friday, January 23, at 2:00 in BBSC 102. Refreshments will be provided. [More..](#)

Meet the Faculty: Dr. Nalini Santanam

Dr. Nalini Santanam is an Associate Professor in the Department of Pharmacology at the School of Medicine. Dr. Santanam is a lipid biochemist with an interest in Free-Radical biology. Her research focuses on the role of oxidative stress in chronic disease. Currently, her lab has three ongoing research projects examining how oxidative stresses affect cardiovascular disease, obesity, and reproductive endocrinology. [More...](#)

Resource: What Editors Want

As publishing becomes even more vital to success in academia, articles like "[What Editors Want](#)" are both helpful and essential. Written by a journal editor, the author offers insider tips and suggestions on how to evade the rejection pile and avoid common mistakes by following a few simple precautions. You'll want to bookmark this resource to refer to each time you write a manuscript.

Recommendations or suggestions for additional resources for the MU-ADVANCE Office can be sent to Heidi Williams: (willi143@marshall.edu).
