

WEEKLY UPDATE

News

Friday, October 10, 2008

The next Grant Chat, scheduled for Friday, October 24, will engage faculty in the process of finding opportunities for students to apply for competitive scholarships, fellowships, and awards. MU-ADVANCE, MURC, and the Graduate College will co-sponsor this chat. [More information...](#)

Meet the Faculty: Dr. Beverly Delidow

Dr. Beverly Delidow, winner of the MU Distinguished Artists and Scholars Award for Junior Faculty, is a prominent researcher and dedicated professor who participates in the area of Cancer Biology, and Neuroscience and Developmental Biology. She is also the cluster coordinator of the Cancer Biology area of emphasis within the BMS program. Her research interests include the role of beta-catenin in melanoma development and progression. Resource: Supervising Your Graduate Assistants

For many academics, it's difficult to transition from being a supervised graduate student to becoming the supervisor. In the article "[Supervising Your Graduate Assistants](#)," the author explores how to manage and motivate graduate students. The essay outlines common mistakes academics make as "the boss," while also offering concrete suggestions on how to take charge of your research.

Recommendations or suggestions for additional resources for the MU-ADVANCE Office can be sent to Heidi Williams: (willi143@marshall.edu).
