News: Campus Conversations

Friday, October 9, 2009

Academic Affairs and MU-ADVANCE have launched a series of "[Campus Conversations](#)" to bring together faculty, staff, students, and administrators with the mission of creating an Academic Master Plan from a diverse collection of interests. [More information...](#)

Meet the New Faculty: Dr. Magdalena Muchlinski

Dr. Magdalena Muchlinski joins the Department of Anatomy and Pathology as an Assistant Professor. Her research interests focus on the sensory ecology and physiology of primates. She is interested in the debates surrounding the evolution and origin of primate traits such as brain enlargement, grasping hands, and binocular vision. Dr. Muchlinski is currently teaching Clinical Gross Anatomy and Embryology at the Joan C. Edwards School of Medicine. [More information...](#)

Library Resource: Fierce Conversations

"Fierce Conversations," by Susan Scott, focuses on the importance of effective communication in our professional and personal lives. She believes there is a correlation between troublesome relationships and a lack of communication. This book provides encouragement to tackle uncomfortable conversations. The book is available for loan in the MU-ADVANCE office (S-200A).

Recommendations or suggestions for additional resources for the MU-ADVANCE Office can be sent to Heidi Williams: (willi143@marshall.edu).
