### News

Friday, February 22, 2008

Although MU-ADVANCE targets female faculty in Science, Technology, Engineering, and Mathematics, the program has transcended the boundaries of these disciplines to encompass the entire university, through recruitment, policy change, and faculty development initiatives. [More...](#)

### Meet the Faculty: Dr. Anita Walz

**Dr. Anita Walz** is an Assistant Professor in the Department of Geography. As a Physical Geographer, her research interests include landscape ecology, environmental geography, and issues of climate change, all of which are heavily dependent on Geographic Information System (GIS) and remote sensing tools. Currently, Dr. Walz teaches both landscape ecology and environmental geography.

### Resource: How To Get What You Want in Academe

“[How To Get What You Want in Academe](#),” was published in the Chronicle of Higher Education in December 2007. As you are probably aware, an academic life can be frustrating and stressful. This article offers ways in which to deal with disappointments and frustrations in a respectable manner, by providing best practices for a multitude of scenarios.

Recommendations or suggestions for additional resources for the MU-ADVANCE Office can be sent to Heidi Williams: ([willi143@marshall.edu](mailto:willi143@marshall.edu)).
