News: New R&D Program

Friday, February 27, 2009

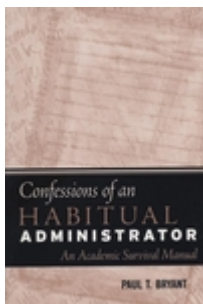

Marshall University has established a new research and development program, the Marshall Institute of Interdisciplinary Research (MIIR), to spur economic development and create the next generation of entrepreneurs in the state of West Virginia. [More...](#)

Meet the Director: Dr. Eric Kmiec

Dr. Eric Kmiec has been appointed the Director of the new Marshall Institute for Interdisciplinary Research (MIIR). Armed with a team of graduate students, including several females, Dr. Kmiec will collaborate with MU-ADVANCE to continue providing research opportunities to faculty. Prior to coming to Marshall, Dr. Kmiec was a Professor of Biology at the University of Delaware, as well as the Director of Applied Genomics at the Delaware Biotechnology Institute. [More...](#)

Library Resource: Confessions of an Habitual Administrator

“Confessions of an Habitual Administrator: An Academic Survival Manual,” offers guidance to those who operate institutions of higher education based on good decision-making, rather than bad. “Bryant’s Laws,” designed by the author, direct administrators toward creating an optimal college/ university. The book is available for loan in the MU-ADVANCE office (S-200A).

Recommendations or suggestions for additional resources for the MU-ADVANCE Office can be sent to Heidi Williams: (willi143@marshall.edu).
