MU-ADVANCE and the Department of Chemistry are pleased to announce that Dr. Laura McCunn is one of eight recipients to be awarded the prestigious Camille and Henry Dreyfus Faculty Start-Up Awards. [More...](#)

Meet the New Faculty: Dr. Laura McCunn

Dr. Laura McCunn joined the Department of Chemistry at Marshall this fall, having completed a post-doctoral fellowship at Yale University. Her research interests include the structure, reactivity, and spectral properties of radicals. She is building an instrument that will examine the photochemistry of halogenated hydrocarbons. Currently, Dr. McCunn is teaching Principles of Chemistry and its associated lab, and will teach Introduction to Physical Chemistry in the spring. [More...](#)

Library Resource: At the Bench: A Laboratory Navigator

“At the Bench: A Laboratory Navigator,” by Kathy Barker, is a guide book for newcomers in research labs. This book offers insight on how to become familiar with a new lab. From learning how to “fit in” to organizing your own research space, this book maps out the research experience from set-up to disseminating your results. It is available for loan in the MU-ADVANCE office (S-200A).

Recommendations or suggestions for additional resources for the MU-ADVANCE Office can be sent to Heidi Williams: (willi143@marshall.edu).
