Therefore, goods to be delivered and/or services to be performed under this contract or agreement are to be continued in succeeding fiscal years for the term of the contract or agreement and any subsequent renewals, contingent upon funds being appropriated by the Legislature for the goods and/or services. (g) The contracting public entity may not award the contract to a bidder which fails to meet the minimum requirements set out in this section. As to a prospective low bidder which the contracting public entity determines not to have met one or more of the requirements of this section or other requirements as determined by the public entity in the written bid solicitation, prior to the time a contract award is made, the contracting public entity shall document in writing and in reasonable detail the basis for the determination and shall place the writing in the bid file. After the award of a bid under this section, the bid file of the contracting public agency and all bids submitted in response to the bid solicitation shall be open and available for public inspection.

(h) A public official or other person who individually or together with others knowingly makes an award of a contract under this section in violation of the procedures and requirements of this section is subject to the penalties set forth in section twenty-nine, article three, chapter five-a of the Code of West Virginia.

(i) No officer or employee of this state or of a public agency, public authority, public corporation or other public entity and no person acting or purporting to act on behalf of an officer or employee or public entity shall require that a performance bond, payment bond or surety bond required or permitted by this section be obtained from a particular surety company, agent, broker or producer.

(j) All bids shall be open in accordance with the provisions of section two of this article, except design-build projects which are governed by article twenty-two-a of this chapter and are exempt from these provisions.

(k) Nothing in this section applies to:

(1) Work performed on construction or repair projects by regular full-time employees of the state or its subdivisions;

(2) Prevent students enrolled in vocational educational schools from being utilized in construction or repair projects when the use is a part of the student's training program;

(3) Emergency repairs to building components and systems. For the purpose of this subdivision, the term emergency repairs means repairs that if not made immediately will seriously impair the use of building components and systems or cause danger to persons using the building components and systems; and

(4) A situation where the state or subdivision thereof reaches an agreement with volunteers, or a volunteer group, in which the governmental body will provide construction or repair materials, architectural, engineering, technical or other professional services and the volunteers will provide the necessary labor without charge to, or liability upon, the governmental body. **§5-22-2. Designation of time and place for opening of bids; right to reject or withdraw bid; bid resubmission.**

(a) The public entity accepting public contract bids shall, in its resolution providing for the contract or purchase and for the advertisement for bids, designate the time and place that the bids will be received and shall at that time and place publicly open the bids and read them aloud. No public entity may accept or take any bid, including receiving any hand delivered bid, after the time advertised to take bids. No bid may be opened on days which are recognized as holidays by the United States postal service. No public entity may accept or consider any bids that do not contain a valid bid bond or other surety approved by the state of West Virginia or its subdivisions.

(b) The provisions and requirements of this section, section one of article twenty-two of this chapter, the requirements stated in the advertisement for bids and the requirements on the bid form may not be waived by any public entity. The public entity may only reject an erroneous bid after the opening if all of the following conditions exist: (1) An error was made; (2) the error materially affected the bid; (3) rejection of the bid would not cause a hardship on the public entity involved, other than losing an opportunity to receive construction projects at a reduced cost; and (4) enforcement of the bid in error would be unconscionable. If a public entity rejects a bid, it shall maintain a file of documented evidence demonstrating that all the conditions set forth in this subdivision existed. If the public entity determines the bid to be erroneous, the public entity shall return the bid security to the contractor.

(c) A contractor who withdraws a bid under the provisions of this section may not resubmit a bid on the same project. If the bid withdrawn is the lowest bid, the next lowest bid may be accepted.

§5-22-3. Certain labor requirements not to be imposed on contractor or subcontractor.

(a) This section may be known and cited as The Fair and Open Competition in Governmental Construction Act.

(b) *Legislative findings.* -- The Legislature finds that to promote and ensure fair competition on governmental, governmental funded or governmental assisted construction projects that open competition in governmental construction contracts is necessary. The Legislature also finds that when a governmental entity awards a grant, tax abatement or tax credit that it should be an open and fair process. Therefore, to prevent discrimination against governmental bidders, offerors, contractors or subcontractors based upon labor affiliation or the lack thereof, the Legislature declares that project labor agreements should not be part of the competitive bid process or be a condition for a grant, tax abatement or tax credit.

(c) *Definitions.* -- For purposes of this section:

(1) "Construction" means the act, trade or process of building, erecting, constructing, adding, repairing, remodeling, rehabilitating, reconstructing, altering, converting, improving, expanding or demolishing of a building, structure, facility, road or highway, and includes the planning, designing and financing of a specific construction project.

(2) "Governmental entity" means the state, a political subdivision or any agency or spending unit thereof.

(3) "Project labor agreement" means any pre-hire collective bargaining agreement with one or more labor organizations that establishes the terms and conditions of employment for a specific construction project.

(d) *Prohibition - Competitive bid.* -- Commencing July 1, 2015, a governmental entity or a construction manager acting on behalf of a governmental entity, seeking a construction bid solicitation, awarding a construction contract or obligating funds to a construction contract, shall not include the following in the bid specifications, bid requests, project agreements or any other controlling documents for the construction project:

(1) A requirement or prohibition that a bidder, offeror, contractor or subcontractor must enter into or adhere to a project labor agreement;

(2) A term, clause or statement that infers, either directly or indirectly, that a bidder, offeror, contractor or subcontractor must enter into or adhere to a project labor agreement;

(3) A term, clause or statement that rewards or punishes a bidder, offeror, contractor or subcontractor for becoming or remaining, or refusing to become or remain a signatory to, or for adhering or refusing to adhere to, a project labor agreement; or

(4) Any other provision dealing with project labor agreements.

(e) *Prohibition - Grant, tax abatement or tax credit.* -- Commencing July 1, 2015, a governmental entity may not award a grant, tax abatement or tax credit for construction that is conditioned upon a requirement that the awardee include any prohibited provision set out in subsection (d) of this section.

(f) *Exclusions.* -- This section does not:

(1) Prohibit a governmental entity from awarding a contract, grant, tax abatement or tax credit to a private owner, bidder, contractor or subcontractor who enters into or who is party to an agreement with a labor organization, if being or becoming a party to an agreement with a labor organization is not a condition for award of the contract, grant, tax abatement or tax credit, and if the governmental entity does not discriminate against a private owner, bidder, contractor or subcontractor in the awarding of that contract, grant, tax abatement or tax credit based upon the status as being or becoming, or the willingness or refusal to become, a party to an agreement with a labor organization.

(2) Prohibit a private owner, bidder, contractor or subcontractor from voluntarily entering into or complying with an agreement entered into with one or more labor organizations in regard to a contract with a governmental entity or funded, in whole or in part, from a grant, tax abatement or tax credit from the governmental entity.

(3) Prohibit employers or other parties from entering into agreements or engaging in any other activity

protected by the National Labor Relations Act, 29 U. S. C. §§151 to 169.

(4) Interfere with labor relations of parties that are left unregulated under the National Labor Relations Act, 29 U. S. C. §§151 to 169.

(g) *Exemptions.* -- The head of a governmental entity may exempt a particular project, contract, subcontract, grant, tax abatement or tax credit from the requirements of any or all of the provisions of subsections (d) and (e) of this section if the governmental unit finds, after public notice and a hearing, that special circumstances require an exemption to avert an imminent threat to public health or safety. A finding of special circumstances under this subsection may not be based on the possibility or presence of a labor dispute concerning the use of contractors or subcontractors who are nonsignatories to, or otherwise do not adhere to, agreements with one or more labor organizations or concerning employees on the project who are not members of or affiliated with a labor organization.

PURCHASING AFFIDAVIT

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL OTHER CONTRACTS: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (*W. Va. Code §61-5-3*) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.
