http://www.marshall.edu/mymu

Welcome to myMU at Marshall University.

On June 1, 2004 Marshall University assigned a new MUID to all MU consistently. Marshall University no longer uses Social Security numbers as a primary identifier. For more information on this portal, please click here.

This secure site provides Marshall University students, faculty and administrative staff with web access to many of our internal services. This is where you can check e-mail, and use the Marshall e-Link with your professor, class schedules and more.

To return to the Marshall University Homepage, please click here.

To protect your personal information number (PIN), Marshall University encourages you to change your PIN and setup a security question for logging in to myMU.

Your MUID number is a 14 digit number that the university uses to identify you (NOT your social security number).

Remember your PIN is NOT your MUID password, but is a six (6) digit number. Initially your PIN is set to your birth date in the form of mmddyy.

An example is if you were born February 4, 1976, your PIN would be 020476.

What's Inside?

- Email: Check for e-mail, and create your own personal address book.
- Calendar: Access and manage your calendar, set reminders and more.
- Groups: Create groups and join group, view pages, lists, bulletin boards and more.

and much more
