(Limit of 25 characters and spaces.)

Course Description (Limit of 30 words): Introduces student to current research in imaging science.

Co-requisite(s): MI 302, MI 303, MI 304, MI 305, MI 306 First Term to be offered: Fall 2009

Prerequisite(s): Admission to the Medical Imaging Program Credit Hours: 1

Course(s) being deleted in place of this addition (*must submit course deletion form*): None

CHECKLIST/REQUIREMENTS:

1. After completing this two page form in its entirety, include a complete syllabus and route through the departments/committees below.
2. A complete syllabus can be from when this course was previously taught as a special topics course or by creating a new, intended syllabus to use with the course. The sample syllabus must at a minimum address the following areas:
 - a. COURSE OBJECTIVES
 - b. COURSE OUTLINE
 - c. SAMPLE TEXT(S) WITH AUTHOR(S) AND PUBLICATION DATE
 - d. INSTRUCTIONAL METHODS (Lecture, Lab, Internship, Practicum, etc...)
 - e. EVALUATION METHODS (Unit/Chapter, Midterm, Final, Projects, etc...)
3. If this course will replace a course that is required by another department, please send a memo to the affected department and include it with this packet, as well as, the response received from the affected department.
4. If this course will be similar in title or content to another department's courses, please send a memo to the affected department and include it with this packet, as well as, the response received from the affected department.
5. Send a copy of this completed form to the Marshall University Catalog Editor.

Request for Undergraduate Course Addition - Page 2
Additional Information Required for Undergraduate Course Addition

College: COHP

Department/Division: Medical Imaging

Alpha Designator/Number: MI 306

Provide complete information regarding the new course addition for each topic listed below. Before routing this form, a complete syllabus also must be attached addressing the items listed on the first page of this form.

1. Identify by name the faculty in your department/division who may teach this course.

Rita Fisher, PhD RT (R)(CT)(CV)(ARRT)

2. If your department/division requires additional faculty, equipment, or specialized materials, attach an estimation of money and time required to secure these items.

No additional funding required

3. If this course will be required by a department/division other than your own, identify by name.

N/A

4. If there are any agreements required to provide clinical experience, attach details and signed agreements.

No additional agreements will be needed for this class

5. If library resources are deemed inadequate, attach a plan to overcome this. The plan must include the cost as stated by the Dean of Libraries.

No additional Library Resources to be provided by Marshall University

6. EQUIPMENT/SUPPLIES NEEDED TO TEACH THIS COURSE (this does not refer to additional equipment/supplies that need to be purchased; simply what materials are needed in order to teach this course successfully.):

Computer, LCD Projector, Projector Screen, White Board, Markers, Handouts, CD Rom's

No additional equipment or supplies will need to be provided by Marshall University

7. ADDITIONAL GRADUATE REQUIREMENTS IF LISTED AS AN UNDERGRADUATE OR GRADUATE COURSE (please also submit to Graduate Council course addition for 5xx graduate component):

None

8. PROVIDE A COMPLETE BIBLIOGRAPHY INCLUDING ALL PUBLICATIONS RESEARCHED TO CREATE THIS COURSE AND WHAT PUBLICATIONS MAY BE BENEFICIAL TO STUDENTS TAKING THIS COURSE (separate page).

See attached sheet

COURSE SYLLABUS OUTLINE

Course Title and Number: MI 306 Seminar in Imaging Science

Semester and Year: Fall

Meets Third Wednesday of each month from 2:30-3:30

*Course with Special Designation: none

Text Information: *None required*

Computer Requirements: access to the internet:

Instructor: Name: Dr. Rita Fisher
Office: Room 212
Office Hours: As arranged
Phone/email: 526-1259, rfisher@st-marys.org

Course Description: This is a 1 credit hour seminar designed to introduce the imaging science student to current research. Students will research and make a short presentation on new developments in imaging science. Emphasis is placed on developing the student's oral communication skills, research skills, and introducing the student to the concept of continuing education as mandated by the ARRT.

CR: 1

Prerequisites: none,

Co-requisites: none

Desired Learner Outcomes/Objectives: When finished with this course you should be able to:

1. Identify current trends in medical imaging. Program director will approve all topics prior to presentation.
2. Discuss advanced imaging modalities including certification and education requirements
3. Discuss professional organizations such as ASRT and the importance of continuing education.

Evaluation/Measurement/Assessment of Learner Outcomes:

Power point presentation to all radiography students.

Presentations should be between 5-10 minutes in length, include appropriate references, present current trend in medical imaging.

Grading Policy:

Grade of A, B or C awarded based on quality of presentation and degree of effort (time of presentation, graphics, citation).

Policy Statements:

1. **Attendance:** Regular attendance is expected. Students who have missed no review sessions and completed all mandatory assignments on time will be allowed to sit for the first exam date. The only exception will be absence pre-approved by the Program Director. Students who have missed any review sessions or failed to complete assignments on time will have to wait until the second.
2. **Preparation, participation, punctuality.** Review schedule assignments will be provided later. A time schedule will be provided.
3. **Academic integrity:** Please refer to the Student Handbook. The mock exams will be conducted with the same academic integrity standards as with the ARRT exam. Please refer to the ARRT application booklet.
4. **Office hours:** Instructors are available to meet individually by appointment.
5. **Learning Disabled Students:** consideration toward learning disabled students will be in accordance to SMI Student Handbook policies. Please make certain the instructor is made aware of any special needs.

6. Computing policy at SMMC:

- a. Authorized users of SMMC or other clinical affiliates institutional networks are those individuals who have been granted a username and password. Unauthorized use of usernames or passwords is prohibited
- b. Use of computer systems in the clinical setting is limited to authorized patient data entry. Unauthorized access or attempts to access privileged patient information is a HIPAA violation and may result in dismissal from the SMI.
- c. Students are provided access to the Internet through computers located in the School of Nursing Library, the computer lab and the SMI office. **Internet access is limited to assigned research projects.** Students may not access personal e-mail accounts (such as Hotmail or Yahoo) from these computers. Non school related use of the internet is prohibited. Students may access the internet via computers located in the Mojo/vending area in the hospital.
- d. Internet access at SMMC is monitored by Information Services. Any attempts to download material of an obscene nature may result in dismissal from the SMI.
- e. Students have access to computers located in the computer lab next to the SMI classroom. Students may not store information of the hard drive of these computers.
- f. Users must adhere to the ethical standards governing copyright, software licensing, and intellectual property.
- g. Suspected violation of these guidelines constitutes unacceptable use of information resources, and may violate other institutional policies and/or state and federal law including HIPPA. Suspected or known violations should be reported to the appropriate supervisory authority. The SMI and/or law enforcement agencies will process violations.
- h. Violations may result in revocation of computing resource privileges, academic dishonest proceedings, disciplinary action or legal action.
- i. Violations are subject to the appeal or grievance process.
- j. Students should refer to MCTC computer policy in the MU Student handbook

Proposed Course Schedule.

Specific Assignment Schedule to be announced.
