BACHELOR OF SOCIAL WORK SOCIAL WORK IN HEALTHCARE CERTIFICATE

Marshall University's Social Work in Healthcare Certificate enables participants to develop a better understanding of the numerous theoretical and practice concepts related to healthcare provisions across a variety of health-related settings through the identification and understanding of the vital role social workers have in assisting patients to understand the biopsychosocial approach in healthcare settings.

WHO CAN APPLY?

- Students currently enrolled at Marshall University
- Marshall graduates
- Community College students interested in applying for an undergraduate social work program
- Non-degree seeking students seeking to enhance their skills and marketability in healthcare services.

For more info on both certificates visit
