

iPod Touch & iPhone

802.1x setup

Must have at least 2.0 software

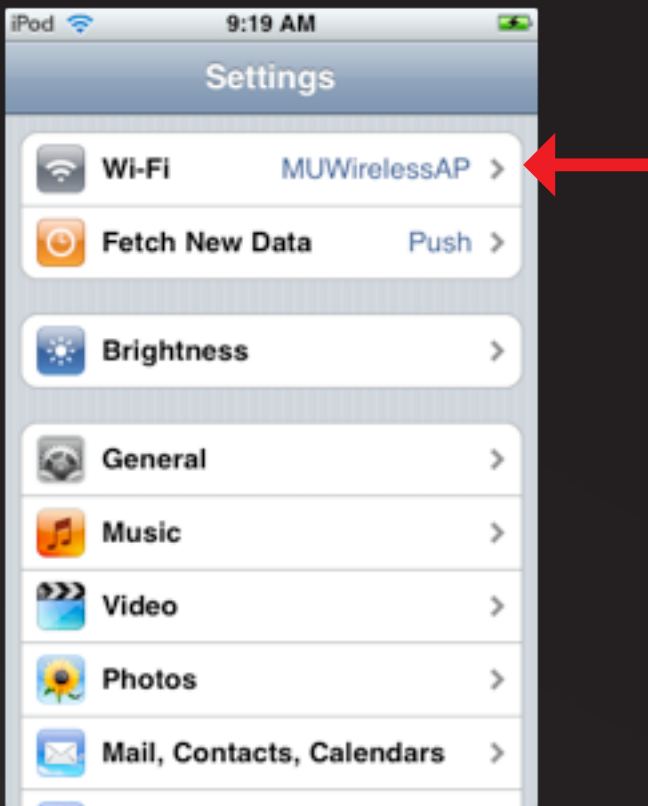

Step 1. Tap settings on home screen.

Step 2. Ensure Wi-Fi is turned on. If not, tap Wi-Fi and slide the slider to the on position.

Step 3. If Wi-Fi is on, you may see the name of a wireless network already displayed. If so, just tap this name to display the list of available wireless networks.

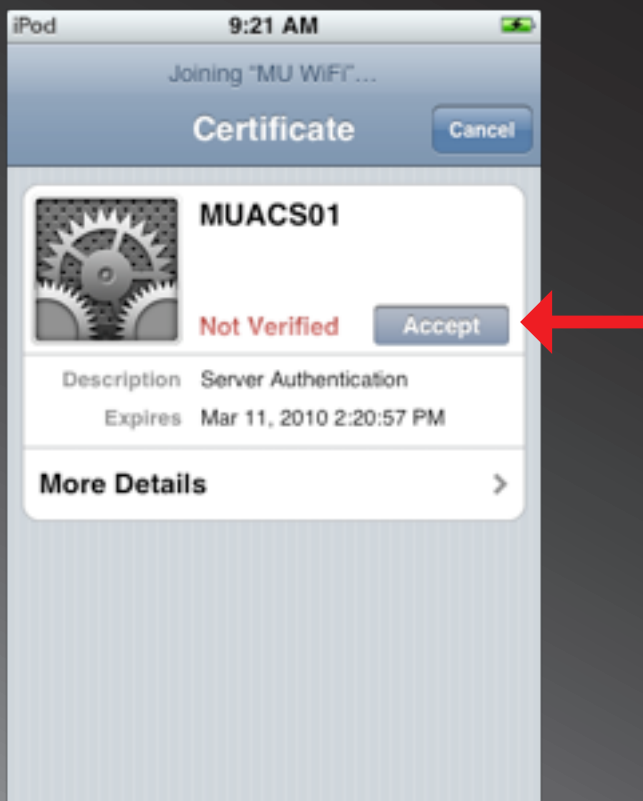

Step 4. From this list, choose MU WiFi by tapping its name on the screen.

Step 5. You will now be at a screen asking for your MUNet user name and password. This is the same username and password you would use to login to a machine on campus. After entering your munet username and password, please hit join in the lower right.

Step 6. Hit the accept button to the right of "Not Verified."

Step 7. This screen will disappear and you will be back at the wireless settings screen.

Step 8. Hit the menu button to return to the home screen and begin browsing. Setup is complete.
