

## **The School of Extended Education**

The School of Extended Education (SEE) serves primarily adult students and those students who are located at distances from the main campus. The school has evening office hours, and sponsors courses via telecommunications, non-credit computer and professional continuing education programs, weekend and accelerated classes and programs, dual credit high school programs, programs for military personnel, and off-campus instructional centers throughout the region.

SEE works with University academic departments to ensure the delivery of courses in time periods and at locations that increase student access to higher education.

Telecourses via public television (HEITV), satellite (Satellite Network of West Virginia), two-way interactive television, and the World Wide Web provide a variety of offerings with some full degree programs now available through distance education. For more information, contact the Satellite Network of West Virginia at (304) 696-3150 or SEE's office at (304) 696-6419.

In addition to its main office in Huntington, SEE operates several off-campus centers established to provide university services throughout southern West Virginia. For information on programs and services, contact the SEE office nearest you. The SEE World Wide Web site is located at <http://www.marshall.edu/aee>.
