## **MISSION OF THE COLLEGE**

The College of Education and Human Services (COEHS) is one of the oldest academic units within Marshall University. When the West Virginia Legislature purchased Marshall College in 1867, it insured the preparation of teachers by establishing the West Virginia State Normal School as part of the college program. This function has remained an integral part of the university mission throughout the years.

The College of Education and Human Services continues to prepare teachers and other professional educators, including counselors, principals, supervisors, superintendents and athletic trainers. It also provides continuing education opportunities for professional educators. All teacher education programs at Marshall University are under the direction of the College of Education and Human Services.

In addition to teacher education programs, the college administers related academic programs in Family and Consumer Sciences, Park Resources and Leisure Services, Counseling, Safety Technology, Adult Fitness, and Sports Management and Marketing.

The College of Education and Human Services provides educational services for students and the community which include the Autism Training Center, Early Education Center, Learning Resources Center (LRC), Testing Center, Recreational Sports, and the Center for Higher Education for Learning Problems (HELP). The College of Education and Human Services provides education and services for a program that is open, complex, demanding, and evolving. It meets the academic needs of educators and other professional personnel in the area of educational services.

## **PROGRAM CHANGES FOR THE COLLEGE OF EDUCATION AND HUMAN SERVICES**

Students in the College of Education and Human Services should monitor their programs of study carefully due to ongoing curricular changes in many programs, especially in teacher education programs.

Please check with your advisor and/or the Associate Dean of the College of Education and Human Services for information regarding your program. Information is also available through the COEHS student newsletter.

## ADMISSION TO THE COLLEGE OF EDUCATION AND HUMAN SERVICES

Regular admission to the university constitutes admission to the College of Education and Human Services for entering freshmen and students transferring from other institutions of higher education; there is no separate admission procedure. Students in other colleges within Marshall University must have fewer than 20 deficiency points to be eligible for transfer to the College of Education and Human Services.

## DEGREE REQUIREMENTS

Students who expect to complete degree requirements in the College of Education and Human Services are required to complete their *capstone experience*, which must include at least one year's work in residence, one semester of which must be in the senior year. A "year in residence" must represent not less than 30 weeks' work in residence with not less than 24 hours credit. Students must complete at least 56 hours at Marshall University.

Candidates for a bachelor's degree who entered Marshall University within ten years prior to their graduation may graduate by meeting the requirements in effect at the time of their entrance into the College of Education and Human Services. (EXCEPTION: See Section B next paragraph)

Teacher Education degree requirements have been satisfied provided:

- A. The West Virginia Department of Education will accept the program under the Approved Program arrangements.
- B. If a student changes from a teaching program to a non-teaching program or from a non-teaching program to a teaching program within the College of Education and Human Services, that student will come under the catalog of record of the date of change. If a student adds or drops a certification specialization or endorsement, specialization and professional education requirements only will be those of a new catalog of record.

When the candidate fails to complete the requirements within ten (10) years or fails to make continuous progress, he/she must meet the graduation/certification requirements in effect at the time of re-entry to the program. Any questions related to this matter should be referred to the Associate Dean of Student Services.

## CREDIT FOR COURSES OFFERED EXTERNALLY

Credits earned through correspondence, extension, military service, radio, television, and special examinations are accepted up to a maximum of 28 semester hours. Courses are accepted only if such courses are offered by institutions of higher education which are accredited by a regional accreditation association of secondary schools and colleges and the National Council for Accreditation of Teacher Education. Enrollment for any such credit should be approved through the office of the Associate Dean of Student Services prior to enrollment.

## ACADEMIC PROBATION

Any student who has less than a 2.0 average is on academic probation. Students with transfer credit must satisfy the 2.0 overall and institutional.

A student on probation must show the improvement stipulated by the College of Education and Human Services during each succeeding term in which he or she is enrolled. Students failing to meet this standard may be suspended and declared ineligible to attend the next regular academic semester or may be dismissed from the university.

1. Students, while on academic probation, must request permission to enroll each term from the Associate Dean in Jenkins Hall 225.
2. Students desiring to take courses at another institution must complete an official request form requesting approval **PRIOR** to visiting another institution as a transient student.

## SCHOLASTIC INELIGIBILITY

Students are subject to academic and behavioral regulations of the university. For failure to comply with such regulations, a student may be suspended as provided by the Board of Trustees.

Students failing to meet academic standards may be suspended and declared ineligible to attend the next regular academic semester or may be dismissed from the university.

1. A student who has a deficit of 20 or more quality points at the end of a regular term will be suspended. Students with transfer credit must satisfy the standard for the overall and institutional GPA.
2. Permission to enroll in summer school must be obtained through the Associate Dean's office, Jenkins Hall 225.

## PROGRAM REQUIREMENTS

The following information refers to programming required in the College of Education and Human Services.

1. Students must complete the curricular requirements as outlined in the undergraduate catalog in effect at the time they enter the College of Education and Human Services. **Students should monitor their programs of study carefully due to ongoing curricular changes in many programs, especially in teacher education programs.**
2. A minimum of 128 semester hours is required by the university for graduation. The degree program selected by College of Education and Human Services major could require additional hours to satisfy graduation. Program curricula, as printed, could have the same course listed in the general studies and the option areas. These need to be identified to determine the SPECIFIC NUMBER of SEMESTER HOURS REQUIRED for graduation in the selected major(s).
  - a. Credits for developmental courses are not included in the minimum 128 hour total.

*(continued)*

- b. Students enrolling in the first year of a foreign language must complete six (6) semester hours if it is to be included in the minimum 128 semester hours required for graduation. Students who complete one-half or three (3) semester hours of the requirement must complete an additional three (3) hours of credit for a total of 131 semester hours for graduation.
- 3. A minimum of 45 semester hours must be earned in 300-400 level courses. Courses transferred from two-year colleges may not be used as part of the 300-400 level requirements. Courses transferred from four-year accredited colleges retain their original numbers.
- 4. Although students are expected to complete the majority of their work at Marshall University, it is possible to complete some coursework at other institutions. Arrangement for such enrollment must be made in advance of enrollment. Students must obtain a permission form in the Associate Dean's office, Jenkins Hall 225.

## GRADUATION REQUIREMENTS

Graduation requirements in the College of Education and Human Services differ by program area. General requirements for teacher education and human services programs are listed. Individual program requirements are identified with the specific programs. **Students should monitor their programs of study carefully due to ongoing curricular changes in many programs.**

### Teacher Education Programs:

- 1. Satisfactory completion of the Marshall Plan and the culminating capstone experience (student teaching).
- 2. Completion of all required courses in each specialization, in general education, and in professional education.
- 3. Grade point averages of:
  - a. 2.5 overall and on all courses attempted at Marshall University. Transfer credit may not be used to increase the grade point average except in the case of *D/F* Repeat Policy.
  - b. 2.5 in each specialization.
  - c. 2.5 in professional education.
- 4. Completion of a minimum of 128 semester hours, including at least 56 hours at Marshall University.
- 5. English composition (ENG 102, 302 or 201H grade of "C" or better)
- 6. Successful passage of all parts of the Pre-Professional Skills Test (PPST)

### Human Services Programs:

- 1. Completion of a minimum of 128 semester hours, including at least 56 hours at Marshall University.
- 2. Grade point averages of 2.0 overall and on all courses attempted at Marshall, unless otherwise stipulated by the program areas. (See your academic advisor for further information). A higher GPA may be required by specific governing agencies to satisfy the credentials application process.

3. English composition (ENG 102, 302 or 201H grade of *C* or better)
4. Satisfactory completion of the Marshall Plan and the culminating capstone experience.

## TEACHER EDUCATION

### Pre-Teacher Education

Incoming freshmen are admitted to Marshall University as Pre-Teacher Education students. During this time students are encouraged to register for general studies requirements. There is no bachelor's degree granted in pre-teacher education. Full admission to teacher education is dependent on successful completion of the application for admission to teacher education standards.

Transfer students are also admitted under the Pre-Teacher Education curriculum until they have met all of the standards for admission to teacher education.

### Admission to Teacher Education

1. Enrolled in the College of Education and Human Services as a PRE-TEACHER EDUCATION major.
2. Completed 24 credit hours, including EDF 270 (12 hours for transfer students).
3. Maintained quality point average of 2.5 or better for all courses attempted OVERALL.
4. Maintained quality point average of 2.5 or better for all courses attempted at Marshall University.
5. Successfully passed ALL THREE PARTS (reading, writing, mathematics) of the Pre-Professional Skills Test (PPST), a requirement of the West Virginia Department of Education. This test **must be successfully completed within the first 24 hours of coursework in order for the student to make continuous progress in the professional education core.**

Transfer students **must** complete the PPST during their first 12 hours at Marshall University if they plan to begin professional education core classes during their second academic term.

### Process for Application for Admission to Teacher Education

1. During enrollment in EDF 218, each student will be asked to submit an Application for Admission to Teacher Education.
2. During the semester the application is submitted, personnel in the Associate Dean's office (Jenkins Hall 225) will evaluate each student's record to determine eligibility for admission to Teacher Education.
3. Each transfer student is responsible for initiating the application procedure through the Certification Office, 232 Jenkins Hall.

Students who desire to become teachers in pre-kindergarten/kindergarten, elementary, middle, and secondary schools and who are confident that they can attain the standards of academic and professional competency required, enroll in the College of Education and Human Services. Faculty advisors and the representatives of the Associate Dean's office direct students in programs of their choice throughout their college careers. Students who are enrolled in another college or school of the university may not enroll in

the professional education core courses except for EDF 218 and EDF 270. There is no credit hour limit on enrollment in other academic departments administered by the College of Education and Human Services.

### Minor

No education minor is available through the School of Education.

## CLINICAL EXPERIENCES

All teacher education students participate in clinical experiences which permit them to observe children or youth in activities which are examples of the teaching/learning process. These experiences are provided in cooperation with the public schools of the area as well as non-school agencies. Students who enroll for these activities must meet the standards of dress and conduct which apply to employees in the schools to which they are assigned.

Certain other programs require clinical experiences that are associated with specific courses. Students should examine the Courses of Instruction section of this catalog for descriptions of courses in their programs.

### PURIFIED PROTEIN DERIVATIVE (PPD) TEST

Students will not be permitted to work in any public school without a valid negative PPD test. The West Virginia State law concerning PPD examinations for persons entering public schools (HB 709) states that a person working with public school children **MUST** have a PPD examination prior to entering public school. This examination is valid for two years with the following exception:

**If the PPD results in a positive reaction, the examinee must submit to an x-ray examination each year thereafter. If the x-ray proves negative, the person is then permitted to work in public school.**

Students who expect to enter schools for clinical experiences during any semester must arrange for a PPD test prior to entering the school. REMEMBER, there is a THREE day waiting period for a PPD test. Persons are not permitted to enter a public school until a negative report is obtained. *Reports must be carried with the student and presented to the principal or his/her representative upon entering a school.*

The PPD is provided free of charge at the Cabell County Health Clinic on specified days. Check with the instructor of your course or inquire in the office of the Clinical Director, Jenkins Hall 232, for further details.

### STUDENT TEACHING

An applicant for a professional certificate who is to be recommended to the West Virginia Department of Education for licensure must complete student teaching at Marshall University.

Any coursework in addition to the student teaching block must be approved by the Director of Clinical Experiences prior to registration. Any additional class scheduled during this period must meet after 4:00 p.m. No student may take more than sixteen (16) semester hours during the student teaching semester.

Students are assigned to public schools that have an agreement to provide student teaching experiences in cooperation with Marshall University. Since the supply of super-

vising teachers is limited and the College of Education and Human Services has a large number of teacher candidates, it is sometimes necessary to assign students to selected schools away from campus. It is not possible to place students in schools within walking distance. Students must provide transportation to student teaching site(s). Students are advised not to commit themselves to long-term leases since it may be necessary for some to seek housing in areas which are beyond commuting distance. In all cases the responsibility for placements rests with the Director of Clinical Experiences and with the approval of the public school administration of the school in which the student is to be placed. Students who are assigned a student teaching position but who do not complete the assignment may not be assured of a future assignment.

**Admission to student teaching at Marshall University requires the following:**

1. Completion of the professional education core prerequisites.
2. GENERAL STUDIES REQUIREMENTS with the grade of C or better in English composition 102, 302, or 201H.
3. A quality point average of 2.5 or better in all courses attempted and in **all coursework at Marshall University**, in all courses in the **teaching specializations**, and in all courses in **professional education**. Students should review their program sheets to identify professional education courses. It will be the student's responsibility to insure that the above grade averages have been met prior to entering student teaching. Any student who enters student teaching without the above grade averages will be withdrawn by administrative action.
4. The completion of approximately three-fourths (3/4) of the coursework in the teaching specialization(s). Applicants must complete a minimum of 100 hours prior to the beginning of student teaching.
5. **Application for Student Teaching.** Applications must be completed by midterm of the semester previous to enrolling for this experience. The deadline date for making application for student teaching will be posted outside the office of the Director of Clinical Experiences.

NOTE: Students who are members of varsity teams may not participate in the student teaching program during the active season of their particular sport (e.g., football team members may enroll for student teaching only during the spring semester, basketball team members may enroll for student teaching only during the fall semester and so on).

## **CERTIFICATE REQUIREMENTS (WEST VIRGINIA)**

In addition to the graduation requirements, the prospective educator must meet the following requirements for West Virginia certification:

1. Passing score on NTE PRAXIS II Specialty Area Test for each teaching specialization. All students should complete the test(s) during their senior year.
2. Passing score on the (PLT) Principles of Learning and Teaching.
3. Cumulative quality point average of 2.5 or better for all courses attempted.
4. Quality point average of 2.5 or better in all comprehensive or subject specializations. All courses within the selected comprehensive or subject specialization(s) are considered in computing the grade point average, whether or not they are listed as requirements for the student's specific comprehensive or subject specialization(s).

*(continued)*

5. Quality point average of 2.5 or better in all professional education courses.
6. Quality point average of 2.5 or better in all courses attempted at Marshall University. Transfer credit may not be used to increase the grade point average except in the case of D/F Repeat Policy.

Students seeking certification in states other than West Virginia should check with the appropriate state department of education.

## **CERTIFICATE RENEWAL**

Marshall University, in addition to offering teacher preparation programs, is actively involved in the continuing education of all professional teachers. The West Virginia Board of Education has approved a program of continuing education for all professional teachers and school service personnel. Information relative to renewal of a teacher's professional certificate is available from the Certification Office, 232 Jenkins Hall.

Students obtain program sheets from the Office of Student Services, 225 Jenkins Hall, when they declare their majors. These forms will assist in the planning and in the recording of progress.

Students should monitor their programs of study carefully due to ongoing curricular changes in many programs, especially in teacher education programs.

## GENERAL REQUIREMENTS FOR TEACHER EDUCATION PROGRAMS

Some of these hours may be included as a part of your declared major.

Courses in this category MAY NOT be completed under the credit/non-credit option.

Students entering teacher education programs, beginning with the fall of 1995, will be responsible for meeting the requirements of the Marshall Plan, five new initiatives for general education. These include Writing Across the Curriculum, Computer Literacy, International and Multicultural Studies, Integrated Science and Mathematics, and the Capstone Experience. More detailed information about these requirements appears under Mission of University. Each student in the College of Education and Human Services should consult with his or her advisor to develop a plan for meeting these new requirements.

## GENERAL REQUIREMENTS: HUMAN SERVICES PROGRAMS

Students entering human services programs are responsible for meeting the requirements of the Marshall Plan, five initiatives for general education. These include Writing Across the Curriculum, Computer Literacy, International and Multicultural Studies, Integrated Science and Mathematics, and the Capstone Experience. More detailed information about these requirements appears under Mission of University. Each student in the College of Education and Human Services should consult with his or her advisor to develop a plan for meeting these new requirements.

## COUNSELING

Courses in this category MAY NOT be completed under the credit/non-credit option.

The undergraduate Counseling Program at Marshall University is in the College of Education and Human Services (COEHS) and is one of the programs in the Division of Human Development and Allied Technology (HDAT). Counseling Program offices and classrooms are located in Harris Hall with a central office in Room 357. Program graduates are prepared for preprofessional service in community, residential, drug and alcohol, and other human service or mental health agencies. Students are also prepared to begin additional study for advanced professional degrees in Counseling and related helping disciplines. Students receive the Bachelor of Arts Degree and must complete graduate training in counseling before they are eligible for licensure as Licensed Professional Counselors or as certified public school counselors in West Virginia.

Students must satisfy the following requirements for admission:

- A. Pre-Admission Courses  
COUN 306, 370  
PHL 201  
CMM 315
- B. Sophomore standing (minimum of 26 semester hours)
- C. Achieve at least a “B” grade in COUN 306 and COUN 370
- D. Achieve at least a 2.5 GPA for all courses through the previous semester
- E. Submit a writing sample in COUN 306

Students who satisfy the above minimum requirements must apply in the semester in which they complete COUN 306 and COUN 370 by submitting an admission application form. Those who apply are required to participate in an on-campus screening interview before an admissions committee comprised of Counseling faculty and graduate assistants, University representatives, and community agency officials. Students who are not selected for admission cannot reapply for a period of one year and cannot enroll in COUN courses designated for "counseling majors only."

ALL Counseling majors must meet the following requirements:

Courses in this category MAY NOT be completed under the credit/non-credit option.

This is a non-teaching interdisciplinary program in Park Resources and Leisure Services leading to the Bachelor of Science degree. The program is accredited by the National Recreation and Park Association in conjunction with the American Alliance of Leisure and Recreation. The Park Resources and Leisure Services curriculum is a professional program; however, students who wish to follow a more specific program may select a recommended series of courses which are designed to prepare graduates for entry level employment in one or more of the following emphasis areas:

- (1) **PARKS and CONSERVATION** - Prepares graduates for employment in federal, state, local and commercial organizations whose responsibilities include the planning and management of natural resources for recreational use by the American people. Employment opportunities include national, state, and regional parks; national forests; Corps of Engineers' projects; outdoor education and environmental centers; commercial parks, zoological and botanical parks, and others.
- (2) **LEISURE SERVICES (PUBLIC RECREATION)** - This emphasis area prepares graduates for employment with organizations whose principal mission is the delivery of recreation programs and services. These organizations include public recreation departments, youth-serving organizations, commercial and industrial agencies, and social-serving agencies.
- (3) **THERAPEUTIC RECREATION** - Graduates having an emphasis in this area may seek employment with organizations whose responsibility includes the delivery of recreation therapy to the ill, mentally and physically challenged, elderly, and disadvantaged.

## SAFETY TECHNOLOGY

Courses in this category MAY NOT be completed under the credit/non-credit option.

The Bachelor of Science degree in Safety Technology offers students the option of preparing for entry level positions in industry, governmental agencies, and related service industries. The need for Safety Professionals has expanded due to Federal and State legislation governing safety and health in the workplace and an increase in public awareness of safety and health factors. The program follows the recommendations of the American Society of Safety Engineers for preparation of Safety Professionals. The non-teaching program allows students to prepare for professional safety positions in either of the two optional emphases: (1) Mining, (2) Occupational Safety.

Students will be admitted to the program at the end of their sophomore year (60 hours of acceptable credit). Each student in the program will be expected to maintain a 2.5 GPA after admission into the program (2.5 GPA must be maintained in overall courses and specialization). An internship offered in cooperation with local industry and governmental agencies will be required as part of the regular course of study.
