

**2020-2021 Alumni Outcomes for Bachelor
and Associate Degree Recipients
Summer and Fall (2020) and Spring (2021)**

**Division of Academic Affairs
Office of Assessment and Quality Initiatives**

Survey Administration Timeline

The Alumni Survey was sent to 2020-2021 graduates between six to twelve months after graduation. The Graduation Survey was sent to students approximately six weeks before graduation. Responses from graduation surveys are included only for students who reported plans for full- or part-time employment, military service, specific volunteer service, or further education they would pursue after graduation. In the case of further education, respondents to the graduation survey had to indicate the name of the institution, program of study, and degree they would pursue and had to indicate that they had been accepted to the programs. If respondents completed both the Alumni and Graduation surveys, responses from the Alumni surveys were used in this analysis.
