III. Committee of the Whole

Following are policies that were included for review for this meeting:

- A) Approval of updated Policy No. GA-1, Discrimination, Harassment, Sexual Harassment, Sexual & Domestic Misconduct, Stalking and Retaliation Policy – Including Title IX

New regulations were published in the Federal Register regarding how “schools” must respond to allegations of sexual harassment consistent with Title IX of the Education Amendments of 1972’s (Title IX) prohibition against sex discrimination by requiring recipients to address sexual harassment as a form of sex discrimination in education programs or activities. (Jendonnae Houdyschell, Deb Hart, Shana Thompson, and Lisa Martin).

The following resolution was read.

Resolved, that the Marshall University Board of Governors does hereby approve Policy No. GA-1, Discrimination, Harassment, Sexual Harassment, Sexual & Domestic Misconduct, Stalking, and Retaliation Policy – Including Title IX.

With no objection, the resolution was approved.

IV. Committee Reports

Academic and Student Affairs Committee

Mr. Farley, Chair of the Committee, presented on behalf of the Committee. The action items were as follows:

- A) Approval of the Request to Approve a New Degree Program “Aviation Maintenance Technician”

The following resolution was read:

Resolved, that the Marshall University Board of Governors approve the intent to plan for “Aviation Maintenance Technician.”

Fiscal Note:

The creation of the program requires hiring three full time faculty and two staff, renovation, and lease of facilities at Tri State Airport, and purchase of tools and aircraft components. All expenses, including labor, operating, and capital purchase, will be offset by revenue generated by the aviation maintenance program. The University submitted a \$1.3 million proposal to the Appalachian Regional Commission’s POWER to support staff and general operations for the first two years of the program and an \$850,000 Economic Development Administration proposal to support tool and equipment purchase. New program loan funds will be used to fund the difference between net operations and cash requirements for capital and operations during the first two years of operations. New program loan fund repayment will begin in year three from program net revenue, and all new program loan proceeds will be fully repaid by year 10 (AY 2030)

With no objection, the resolution was approved.

B) Review and Approval of the following Academic Affairs Policies:

MUBOG AA-18 Equivalencies for College Teaching

MUBOG AA-37 Teaching and Administration

MUBOG AA-28 Faculty Tenure

The following resolution was read:

Resolved, that the Marshall University Board of Governors does hereby take the following action as it relates to these policies. Policy MUBOG, AA-18 to be amended to clearly outline Marshall's policy concerning faculty credentials. The first section of this policy (2.1) states the Higher Learning Commission's (HLC) preferred requirements: the second section (2.2) outlines the policy Marshall will follow (as allowed by HLC) when it becomes necessary to use verified experience in lieu of the preferred credentials outlines in section 2.1; the third section (2.3) states the policy the university uses when professional experience is considered in the determination of salary for newly hired faculty. To additionally streamline AA-18, we recommend that the first sentence in section 2.4 be transferred to AA-37 and that the second sentence in 2.4 be transferred to AA-28. These transfers will result in the elimination of section 2.4 from AA-18.

VI. President's Report

Following are the highlights from Dr. Gilbert's report:

President Gilbert gave a detailed COVID report. He thanked Tracy Smith, Dr. Kilkenney and others for their involvement. Surveillance COVID testing is forthcoming. An improved dashboard will be on the website soon.

He discussed the upcoming 50th Year Ceremony of the Plane Crash. This will be virtual or in person, to be determined.

There are four TV monitors in the Memorial Student Center. Two of those monitors will play the movie "We Are Marshall"

The upcoming ECU Game is being re-worked and possibly rescheduled.

There will be posthumous degrees for the student-athletes that perished in 1970. The ceremony, as always, is November 14th, the date of that fateful day.

The AMT program will be based at Tri State Airport. It is a joint degree with Mountwest Community & Technical College and MU. Working on a lease for a hangar with Tri-State Airport.

President Gilbert mentioned an article in **The Gazette** regarding Yeager Airport and housing for the Marshall University Bill Noe Flight School. We are looking at options.

He discussed the President's Commission: Coalition for Racism.

President Gilbert discussed the implementation of Phase 2 in budget reductions will depend on obtaining a better grasp on the financial situation. Currently, freshman enrollment is down slightly from last year. The University is making less per student this year than last year, due to an increase in non-resident enrollment and the cost difference. Right now, the university is looking at a \$900,000 budget loss this year, which doesn't include "melt" or when a student who

has paid a deposit doesn't actually appear for the semester. Phase 2 will affect employees whose annual salaries are in the range of \$50,000 to \$100,000. Employees with salaries below \$50,000 will not experience any salary reductions.

President Gilbert said there have been a lot of sleepless nights. Trying to do what is right, the right approach, giving serious thought for every decision. Things change very quickly. He thanked Governor Justice for his efforts during the pandemic. President Gilbert noted we will have setbacks, but we will get through this pandemic.

VII. Chairman Report

Chairman Farrell noted, as President Gilbert just shared, we are in a public health crisis leading to financial crisis. The Board's fiduciary and legal duties are in WV State Code.

People are our biggest asset and that makes for tough decisions. He discussed the "public good" and that the board will be judged in hindsight.

Faculty, Staff and Students come here for the education, experience, and credentials. Online will need to be as good as in person. For all to be successful, our Board needs to be strong. Support the President. Drive through this. Be strategic and looking at the long-term ramifications.

Chairman Farrell brought attention to the meeting dates on the agenda and reminded all to place them on their calendar.
