

National Board Certified Teachers

WV Counties with NBCT Marshall Graduates

Initial Level National Board Initiative

In an effort to familiarize initial level teacher candidates with the National Board Certification process and to better prepare them to be ready to follow these same standards and be able to complete the process when they begin teaching, National Board-based assignments were incorporated in the elementary and secondary programs in the fall of 2010. The following six assignments are from required courses and completed by teacher candidates:

CI 301: NB Analysis from Clinical Experience

CI 343: Reflective Journal

CI 345: Reflective Journal

CI 415: Reflection based on NB

CI 446: Reflective Journal

CI 448: NB Analysis from Clinical Experience

Initial level candidates are required to attend a National Board Informational Session to learn about the standards and how they will be incorporated in the courses. Since inception, over 1100 teacher candidates have completed assignments based on the standards. The following chart details the number of candidates participating in the training.
