5. **Faculty Privacy Issue** – Shawn Schulenberg – faculty expectations of privacy issue explained from several meetings Chair has had with IT, Athletics, Blackboard admins, etc. is bringing this to the body for transparency. On August 9, an athletic advisor submitted an IT service desk ticket requesting Blackboard Observer status for athletic advisors. Blackboard Observer status allows designers ONLY the ability to view, but not interact with, several parts of the course that another user is in. In viewing the full-service ticket, I believe this request for access was made with good intentions: a student-first approach. To be specific, the advisor wanted to follow the progress of their students more closely (and intervene more quickly if a student was falling behind so that action could be taken before it was too late.) To do this, they wanted to see due dates, submissions, and both assignment and course grades. The students sign FERPA releases, so this is perfectly legal. This request was routed to the appropriate employee in IT who began the working out the details.

To give some background here for the next section, last fall the Athletic Director proposed and the Provost agreed, following best practices, to move the athletic advisors from the supervision of Athletics to Academic Affairs. The rationale I think is clear to us all: make sure that the advisors have the right incentives. This transition took place this summer, and all athletic advisors now report to Academic Affairs.

On August 10, the Associate Provost and VP for Academic Affairs was brought into the conversation, and, when she learned about the request for Blackboard Observer status, she said it should be put on pause. Unfortunately, this did not happen. I do not have enough knowledge to assign motive for not following through with IT.

On August 15, after a few days of technical back-and-forth questions, IT granted seven academic advisors observer status to view the course shells in blackboard for their 467 advisees. The levels of viewing access are set by the faculty member—so the level of access on what they could see depended on the permission level set by the instructor, something I’m sure many of us are not aware because we probably don’t know about feature, and it has never been used before to the best of my knowledge. Also, it’s important to note that this feature is only available in Blackboard, not Blackboard Ultra, currently.

Unfortunately, IT did not follow the proper procedures on two fronts. First, they did not properly follow ITP-27, which dictates the general procedures through which access is provisioned. Furthermore, they did not follow ITP-1, which says “the transmission of material is limited to students currently enrolled in the course.”

On August 29, I was invited to a meeting by Karen McComas, along with Scott Davis and several athletic advisors, to discuss the possibility of giving Blackboard Observer status to athletic advisors. Karen explained that this has been a long-running conversation at the university since Provost Ormiston, but it never moved forward due to objections from the faculty. During this meeting is when it was revealed that me, Karen, and Scott that this access had already been given, now for a period of two weeks. I know I was in a state of shock, but I will share that I believe it is only then that the employees realized that they had overstepped the boundaries. They then suggested that we should immediately remove this access, and it was completed very quickly after the meeting ended.

As I mentioned in the introduction, I have been investigating this incident over the past 48 hours to reach the conclusions I share here today. IT offered to do a full audit of course shells accessed, and they reported that “25 unique course sections were accessed corresponding to 22 unique instructors.” Someone will reach out to those instructors to let them know shortly. According to the CIO, “Most of the ‘views’ within the courses were on the ‘My Grades’, ‘Syllabus’, ‘Announcements’, and ‘Start Here’ screens. In reviewing pages that were accessed, very little of it was content pages and I did not see any concerning amount of page views of the respective content.”

Before this happened, Athletics and Academic Affairs jointly decided to move advisors for the right reasons. This is an improvement over the past. Ever since the CIO stepped foot on this campus, she has been pushing for better data governance policies and practices to avoid problems such as this. This is our case study. These point to me that there are efforts in place to prevent this from happening - efforts began.

Our structural deficit is real, we have a strategic plan to grow our way out, and that comes with a lot of hard work. We all—faculty, staff, and administration—feel the pressure. We all are feeling overworked, understaffed, and driven by hard, clear metrics. We look at the gutting of the flagship institution of our state and it is scary. Everything is changing around us so quickly. Thankfully, as the provost will discuss more in his report, the fruits of that plan are already well exceeding expectations. This is great news. But as we all strive for growth, we must be mindful of the day-to-day decisions in how we get there. In the temptation to get quick results or under duress from being overworked, we need to ensure each of our actions is appropriate. We need to make sure they align with our mission and our mutual respect.

DISCUSSION - Philippe Georgel – COS – How does this fit into the policy of transparency that we would like the university to develop? How did the information drop so we know what to look for next time? The chair responded we should look more into policies of data governance.

Bill Gardner – COS – There is also the question of granting people appropriate access to employees to do their jobs. What else do specific people need? Assessment of that overall? The chair responds that we need to have a smart and deliberate conversation about this and refers to data governance.

Clinton Brown – COLA – Were the faculty members notified of data breach? Do we have an intervention team that can speak to levels of need to balance the need for privacy and intellectual freedom but also improving the student experience?

Marybeth Beller – COLA – When we advise a student it is not uncommon for the student to show us all these parts of their classes. We do see course materials often in Blackboard. Also, Beller thinks we have a good report system in place to make sure students are on track. It is incumbent of the faculty to make sure they are doing these reports. May not need to allow advisors into courses because the students can do that.

Robin Riner – COLA – Has talked to athletics to reach out to faculty to keep track with the students? Request that happens much like disability services does.

6. Regular Reports:

a. **President's Report** – Brad Smith.

Reporting from Clarksburg ItalianFest as the Italian of the Year (NOT Italian). Wants to talk about one thing – Moving forward. Think differently how we help students through this fast-paced learning period. Mentioned issues at AB and WVU, and how transparent we have been with the university, the legislature and are working up and through. We are investing in problems like Save To Serve and will need to reverse many declines. If there is something that doesn't work? – let's talk about it, fix it, and move forward. We are not in a turnaround. We are in a period of transformation. Must be diligent in cost control and some major growth opportunities. We know all the challenges we are facing. Our plan is Marshall for All. Marshall Forever.

Student-focused priorities - 1. Promote access. 2. Ensuring affordability. 3. Grow our support programs. 4. Delivery on-demand access. 5. Lifetime achievement.

ACF Report Faculty Senate Aug. 31, 2023

MINUTES OF MARSHALL UNIVERSITY FACULTY SENATE MEETING

HELD ON THURSDAY AUGUST 31, 2023, AT 4:00 P.M.

STUDENT CENTER – BE 5 – IN-PERSON

The Advisory Council of Faculty (ACF) met over Zoom twice following the spring semester's last Faculty Senate meeting. The first meeting was on Friday, Apr. 28, 2023, and the second meeting was on Monday, July 24, 2023 from 1:00 – 3:00 p.m.

The following were important highlights from the meetings:

- I- We welcomed our new representatives and discussed the purpose and functions of ACF as defined in the WV Code. A new Chair was elected at the July meeting while the vice chair, secretary, webmaster, and legislative correspondent will continue in their current role for another term.
- II- Discussion ensued regarding tenure at the community college level. According to Code, community colleges can have “no more” than 20% of their faculty tenured. Since then, tenure has “gone away” from many of the community colleges, and the number of faculty with tenure has been drastically reduced since then. Series 9 spells it out well for four-year schools, and Dr. Corley Dennison, HEPC's Vice Chancellor for Academic Affairs, suggested community college representatives look at that document for guidance on preparing something collectively.
- III- The next agenda item was the ACF annual retreat. It is written in WV Code that ACF will have a retreat once a year and the colleges will provide funding for travel, lodging, and food for their representatives to attend ACF meetings and retreats.
- IV- We discussed Early College at the end of the meeting. Dr. Corley Dennison reported that Early College is coming together with \$4 million in funding, guaranteeing the state HEPC office will provide \$75/credit hour but only 475 students will be allowed to register from each school. This will apply to both two-year and four-year schools, although the community colleges have been offering a lot of these courses already. Dr. Dennison thinks we will see dual enrollment being pushed and that micro credentials and certifications will be more common, in addition to “alternative pathways” including apprenticeships. There was also a question regarding credentials of high school faculty who are teaching college courses. Dr. Dennison reported the HLC may be relaxing some of their requirements for college level faculty and allowing experience, continuing education, and related instruction to count toward being qualified to teach certain college courses.
- V- The meeting adjourned at 3:00 p.m. The HEPC is scheduled to meet on Sep. 15, 2023 and Dec. 15, 2023 (Fridays) in person with a Zoom option. ACF's next meeting will take place at the annual retreat in Stonewall Resort from Friday – Sunday, Nov. 3 – 5, 2023, tentatively starting at 3:00 p.m. on Friday and meeting from 8:00 a.m. - 4:00 p.m. on Saturday, in person.

Thank you. Respectfully delivered, Amine Oudghiri-Otmani ACF Representative

Faculty Senate Report

August 31, 2023

1. On Friday, August 25, 2023, the Graduate Council convened for its first meeting of the 2023-2024 academic year.

2. In response to the BOG AA-20 Graduate Faculty Status approval in April, the GC has undertaken the task of updating the website and the Graduate Faculty Status Forms to align with the policy amendment. Moreover, considerable collaborative effort was expended over the summer involving Graduate Faculty, Deans, the Office of Graduate Studies, Brian Morgan, and the Graduate Council itself, to revise the Redbook. This comprehensive endeavor aimed to ensure the inclusion of faculty slated to teach graduate courses this fall. Gratitude is extended to all those who contributed to this undertaking.
3. Back in April, modifications to the Graduate Council Bylaws were instituted, impacting the apportionment of Graduate Council membership. As communicated by Shawn Schulenberg, collaborative work has been ongoing to affect the necessary edits to the Faculty Constitution for the full integration of these changes.
4. The Graduate Council, in April, endorsed a policy concerning Graduate Accelerated Admission. However, due to potential confusion with the existing Accelerated Master's Degree (AMD) designation, it is anticipated that the policy's name will be revised to Graduate Expedited Admission Policy. Presently, 23 programs spanning 5 Colleges have chosen to participate in this expedited process.
5. The Graduate Council, in collaboration with Steve Tipler (FS APC), remains actively engaged with Academic Affairs and Elizabeth Hanrahan to facilitate the implementation of CourseLeaf/CIM for curricular and planning requests. Our intention is to permit both traditional paper submissions and CIM-based submissions for the upcoming semester, while strongly encouraging the swift adoption of CIM. Pending a successful implementation in the fall, the discontinuation of paper submissions is envisaged by January.
6. Numerous policies and initiatives are slated for participation or leadership by the Graduate Council throughout this academic year. These encompass, but are not confined to, Calendar Development, Commencement Speaker and Honorary Degree Policy, Cross-Level Linked Courses, Graduate Orientation, Full-time Status for Graduate Students during the summer term, protocols for programs temporarily suspending enrollment, and the establishment of a process and workflow for new program approval.
7. A call is currently underway to identify a Graduate Student Representative who will contribute to the deliberations of the Graduate Council. Nominations are set to conclude on Friday, September 1, 2023, with the subsequent election scheduled for September 11, 2023.

Questions for the GC: None.

f. **Student Government Association** – Walker Tatum – Written report ☒

Walker took office in April 2023. Nevaeh Harmon, former Student Body Vice President stepped back from her position to fulfill her duties as Miss WV USA. Callia Yang is the new Student Body Vice President, she is a BS/MD student and is currently planning and chairing the Memorial Fountain Ceremony Planning Committee. Student Government Association had their first meeting on Tuesday, August 29th, in BE5 and focused mainly on expanding the student senate with At-Large Senators while also voting on things revolved around their constitution regarding the addition of a SGA advisor, logo updates, and constitution language. The first Tatum/Yang cabinet meeting is on Friday, September 1st. The largest initiatives that Walker and Callia will be tackling is an expansion of the food pantry along with collaboration of both the food pantry and the Marshall University thrift store. Walker and Callia are also helping with creating a better understanding of HerdLink and what the application has to offer. For Faculty Advisors, the Student Government funding applications are now live for student organizations to request funding, just make sure that the most recent FEIN and W-9 documents are uploaded to the organization's HerdLink page.

RECOMMENDATION

SR-23-24-01 EC Recommends amending the Faculty Constitution

The Executive Committee recommends amending *The Constitution of the Marshall University Faculty* with five types of changes:

1. Updating the membership criteria of the Graduate Council (Article VII, Section 3) to apportion seats based on the number of faculty in each academic unit and removing the at-large membership.
2. Modifying the quorum requirement (Article IV, Section 2/Article VI, Section 4B) from “simple majority (50% plus one)” to “simple majority” as recommended in *Robert’s Rules of Order*.
3. Clarifying that senators from each academic unit select their non-officer representatives on the Executive Committee (Article IV, Section 5D).
4. Updating administrative position titles throughout the document to accurately reflect the current administrative structure.
5. Making other typographical edits for clarity.

THE CONSTITUTION OF THE MARSHALL UNIVERSITY FACULTY

PREAMBLE

Universities striving for excellence historically and traditionally have enjoyed the autonomy and integrity necessary to accomplish their mission as institutions of higher learning committed to the search for and dissemination of knowledge and truth—and so it has been, and must continue to be, at Marshall University. It is recognized that the legal authority to guide and regulate the University is vested by the West Virginia Legislature in the West Virginia Higher Education Policy Commission, the Marshall University Institutional Board of Governors and the President of the University. It is further recognized that the West Virginia Higher Education Policy Commission and Marshall University Institutional Board of Governors grant autonomy to the colleges and universities under their jurisdiction. The West Virginia Legislature has also established that each institution of higher education shall have an institutional faculty senate. As a corollary of academic freedom, the faculty has the major responsibility for guiding the scholarly pursuits of the University. To that end, this constitution is established to facilitate meaningful communication throughout the academic community and to assist the University President, the West Virginia Higher Education Policy Commission, and Marshall University Institutional Board of Governors in the development of academic policies and procedures.

MISSION STATEMENT

Faculty Senate acts as a liaison among the faculty, staff, administration, and student body with respect to matters affecting the best interests of each group. We strive to support and strengthen the governance structures of these groups in order to promote and actively participate in shared governance within the institution in order to make Marshall a premier public university.

ARTICLE I – THE FACULTY

The faculty is a legislative body of Marshall University and has the authority to concern itself with topics affecting the whole university. This authority is delegated to the Faculty Senate, which is the representative body duly elected by and from the faculty. The Faculty Senate is empowered to act on behalf of the faculty on questions and issues properly brought before it by the faculty of any college, school, or component of the university. Marshall University is committed to providing equality of opportunity and treatment; therefore, the Faculty Senate and any committee operating under its authority do not discriminate on the basis of race, color, gender, age, religion, national origin, handicap, or sexual orientation.

ARTICLE II – THE FACULTY SENATE: PURPOSES—POWERS—FUNCTIONS

Section 1. The Faculty Senate shall take within its province any subject of interest to the faculty, the administration, and the student body. With respect to the general welfare of the university, the

Faculty Senate shall serve as the major legislative, advisory, and review body of the faculty. It shall investigate, debate, and communicate to the faculty those matters deemed to be in the best interests of the university. Academic policy decisions, or matters construed to impinge on the academic decisions, shall be the primary responsibility of the Faculty Senate. The faculty may call a referendum upon any of the actions of the Faculty Senate. Actions of the Faculty Senate shall become the policy of the institution unless for serious and compelling reasons the University President rejects in writing such actions within fifteen working days following submission by the Faculty Senate. All measures receiving presidential approval, or which, are not specifically rejected by the University President, shall be considered binding subject to the final approval, if necessary, of the West Virginia Higher Education Policy Commission and the Marshall University Institutional Board of Governors.

Section 2. Legislative Function. As the faculty legislative body, the Faculty Senate shall exercise authority over all matters that pertain to academic policies of the university, including instruction, research, and continuing education. Affairs of the university which directly and primarily affect the faculty include, but are not limited to, determination of curricula, standards of admission and selection, retention and transfer of students, scholarships and honors, requirements for the granting of degrees, candidates for honorary degrees, instructional standards throughout the university, and matters of the faculty's welfare. The Faculty Senate shall be responsible for developing policy with regard to major issues which affect the institution, such as, change in the mission of the university, addition or deletion of programs, contracts with government agencies, and public questions which affect the role of the institution or endanger the principle of academic freedom. The Faculty Senate shall be responsible for maintaining communication among the faculty and the administration, the student body, and the staff. It shall establish rules and procedures for standing committees and shall be responsible for overseeing the election of Faculty Senate members. All standing committee actions, with the specific exceptions detailed in this constitution shall be subject to review, amendment, approval, or rejection by the Faculty Senate.

Section 3. Advisory Function. The Faculty Senate shall serve in an advisory capacity to the university community and administration. Matters which directly or indirectly affect the general welfare of the institution include, but are not limited to, student life, such as standards of conduct, living conditions, organizations, intercollegiate athletics, and participation in extracurricular activities; the academic calendar; and university convocations and lectures.

The Faculty Senate shall be available to advise the West Virginia Higher Education Policy Commission and the Marshall University Institutional Board of Governors on the appointment of the University President and to advise the University President on the appointment of university-wide administrative officials. It shall advise the administration on policies with respect to the preparation of the annual budget and its allocation to operational units; equipment and physical facilities; official university publications, press releases, and radio and television broadcasts, and student academic publications; the academic structure and governance system; and the mission, goals, and objectives of the university.

Section 4. Review Function. The Faculty Senate shall be empowered to review all policies and to formulate recommendations with respect to the general welfare of the university. Matters directly affecting the faculty include, but are not limited to, academic freedom, tenure, and promotions;

appointments, reappointments, and dismissals; teaching loads; salary schedules or other compensation or benefits; policies governing stability of employment, retirement, sabbatical or other leaves; and the reorganization of academic units.

The Faculty Senate shall also be empowered to review programs of research, experimentation, and instruction; grading systems and trends; instructional evaluation; and policies and administration of the university libraries. It shall also review the academic conduct of students, including means for handling infractions. The Faculty Senate shall be responsible for the investigation and conducting of hearings on grievances from members of the faculty and student body, except for those covered by the various West Virginia Higher Education Policy Commission and the Marshall University Institutional Board of Governors policy bulletins or those under the jurisdiction of other committees; it shall report the findings and make recommendations to the appropriate parties. The representative to the Advisory Council of Faculty to the West Virginia Higher Education Policy Commission and the Marshall University Institutional Board of Governors (hereafter referred to as "the faculty representative to the ACF") reports on meetings of the ACF to the Faculty Senate and the Marshall University Institutional Board of Governors.

Section 5. Provisions of the Senate. The Faculty Senate shall be provided with an appropriate budget, office space, adequate secretarial support, and release time for the Faculty Senate Chair.

ARTICLE III – MEMBERSHIP AND ELECTION

Section 1. The Faculty Senate shall consist of one (1) senator for each academic unit, unless otherwise specified, plus one (1) senator for each thirteen (13) full-time faculty members, plus one (1) additional member if the number of full-time faculty in a unit exceeds a multiple of thirteen by seven (7) or more. The School of Medicine and the School of Pharmacy will each have three (3) regular senators and a pool of three (3) senator substitutes. For Faculty Senate meetings, senator substitution from the pool of senator substitutes will be allowed for the School of Medicine and the School of Pharmacy. Ex-officio voting members will be the Graduate Council Chair and the faculty representative to the ACF. The Student Government Association President will be an ex-officio, non-voting member of Faculty Senate. The term "academic unit" is defined in Bylaw # 14. Individual constituency numbers for calculating representation shall be based upon the number of full-time faculty presented every second year to the Executive Committee of the Faculty Senate in the fall semester preceding Faculty Senate elections. Census information will be provided by the Office of Institutional Research in collaboration with the Provost, the Vice President of Academic Affairs, and the Vice President for Health Services. In addition, South Charleston faculty will elect one (1) at-large senator.

Section 2. For the purposes of this Constitution, unless specifically stated otherwise, the word faculty means all full-time employees who have current faculty appointments, including library-track faculty, clinical faculty, associate deans, assistant deans, directors, associate directors, assistant directors, chairs, temporary faculty with one-year appointments, and term faculty. Faculty does not include deans, part-time faculty, and adjunct faculty. All faculty shall be eligible for election to office unless specifically stated otherwise in this Constitution. This definition of faculty shall be used for apportionment calculations for Faculty Senate representation.

Section 3. The term of office for a senator shall be two (2) years. Senators can serve no more than four (4) consecutive terms.

Section 4. Elections for senators shall occur annually in April of even-numbered years, with the names of the new senators submitted by the Dean or Director of each unit to the Chair of the Faculty Senate by May 1. For the at-large senator for the South Charleston campus the election will be the responsibility of the Executive Committee of the Faculty Senate. Each unit shall conduct its own election according to the bylaws of that unit, providing that all voting shall be by secret ballot.

Section 5. If a senator misses more than three (3) regular meetings in any academic year, his/her seat will be declared vacant by the Faculty Senate Chair, who will immediately report the vacancy to the Dean or Director of the appropriate unit. Within two weeks the Dean or Director shall call for nominations and the election of a faculty member to fill the vacated seat.

Section 6. Temporary senators will be elected by a unit if a seat is vacated for one academic year or less due to leaves of absence, sabbaticals, incapacity, or other reason. If a senator cannot fulfill his/her responsibilities and duties to the Faculty Senate for longer than one academic year, he/she must resign. Temporary senators will have all the privileges of Faculty Senate membership, though they may serve no longer than one academic year in temporary capacities.

ARTICLE IV – MEETINGS

Section 1. The Faculty Senate shall meet at least quarterly and may meet at such other times as called by the chairperson or by a majority of the members during the regular academic year. Special sessions of the Faculty Senate will be called at the request of ten (10) or more faculty members. Special sessions will be held as soon as practicable within two (2) weeks from the date they are called. The responsibility for notifying senators and faculty members of special sessions shall rest with the Faculty Senate Chair who shall use the most appropriate means available to fulfill this obligation. An announcement of the agenda, time, and place of every regularly scheduled Faculty Senate meeting shall be sent to each senator one week before the meeting.

Section 2. A quorum shall be a simple majority (50% plus one) of the voting Faculty Senate members.

Section 3. A voice vote will be conducted on actions requiring a vote. At the request of any senator for a division of the Faculty Senate, a show of hands or roll call vote will be taken and recorded by the Faculty Senate Recording Secretary.

Section 4. Minutes. The minutes of Faculty Senate meetings shall be distributed to each senator and the University President no later than seven (7) working days before the next meeting. Also, the minutes will be available on the Faculty Senate's website.

Section 5. Rules of Procedure. The parliamentary authority of the Faculty Senate shall be the latest edition of *Robert's Rules of Order*.

Section 6. Faculty Senate meetings are open to the public except in those cases where executive sessions are permitted by West Virginia statute (6-9A-4). No decision shall be made in any executive session of the Faculty Senate. If any student, administrator, or non-senate faculty member wishes to speak about an issue, he/she will be recognized and allowed to speak briefly. If any non-senator wishes to speak for a longer period of time, he/she should request the Executive Committee at its meeting to place him/her on the agenda.

Section 7. The University President shall meet at least quarterly with the Faculty Senate to discuss matters affecting faculty and the effective and efficient management of the institution.

Section 8. The Marshall University Institutional Board of Governors shall meet at least annually with the Faculty Senate to discuss matters affecting faculty and the effective and efficient management of the institution.

ARTICLE V – ADOPTION AND AMENDMENT

Section 1. This constitution shall be adopted when approved by a simple majority of the secret ballots cast by the faculty as defined in ARTICLE III, Section 2 of the current Constitution of the Marshall University Faculty. Upon adoption by the faculty, this constitution shall be made a part of the Marshall University Greenbook, which shall contain the Faculty Senate Bylaws, official policies, procedures, and other information pertinent to the University's operation and internal government.

Section 2. An amendment to the constitution may be proposed by ten (10) percent of the faculty or by a majority vote of the Faculty Senate. All proposed amendments must be submitted to the faculty for its approval. The ratification of an amendment requires the approval of a two-third (2/3) majority of those voting.

Section 3. Any proposed amendment shall be distributed to every member of the faculty at least two weeks before a regular or special meeting of the faculty at which the amendment will be discussed. Opportunity for debate shall be provided for every proposed amendment.

ARTICLE VI – STANDING COMMITTEES

Section 1. The Marshall University Faculty Senate system shall include, in addition to the Faculty Senate itself, standing committees. One of these is designated the Executive Committee of the Faculty Senate and shall function as part of the Faculty Senate. The other committees work in cooperation with, but are distinctly separate from, the Faculty Senate. Except for the Executive Committee, the membership, officers, and relationships of the standing committees to the Faculty Senate are as follows:

Section 2. Membership. The membership of standing committees, unless otherwise specified, shall include one senator appointed by the Faculty Senate Chair to serve a two-year term. This member shall be the voting “Liaison.” This appointment may be renewed for one additional consecutive term. Other members shall consist of one member elected by the faculties of each academic unit as defined in Bylaw #14. One undergraduate student, appointed by the Student

Government Association, and one graduate student, appointed by the Student Government Association, will also serve with exceptions as noted. This shall be the voting membership of the committees. Ex-officio, non-voting members will be designated according to each committee's nature and functions. The length of faculty membership on committees shall be four (4) years. Faculty members may serve no more than two consecutive terms on any one standing committee and may not serve on any two standing committees simultaneously.

Section 3. Officers. Officers of the standing committees will be a chair and a recording secretary. The chairs of the committees and the recording secretaries will be elected by the voting members of their standing committees. The terms of office shall be one (1) year and may be renewed up to a maximum of four (4) successive terms (i.e., four years). The committee may remove an officer by a "motion to rescind the election." The successor of an officer removed in this manner shall serve until the next regularly scheduled election for that office. The chair is responsible for establishing the committee's agenda with the assistance of the recording secretary; presiding over committee meetings; and reporting committee actions to the Faculty Senate. The chair shall also notify all committee members of the Faculty Senate's response to committee actions. The chair, with the assistance of the committee's recording secretary, shall prepare an annual report on the committee's work at the end of the academic year, and this will be submitted to the Executive Committee to be posted on the Faculty Senate website. The committee's recording secretary will also be responsible for keeping minutes of all committee meetings, for accurately recording and reporting votes of the committee, and for assisting the committee chair in the preparation and submission of the committee's annual report.

Section 4. A. Committee-Senate Relationship. Standing committees shall meet of their own accord, or when requested to meet by the Faculty Senate Chair, the Executive Committee, or the Faculty Senate. All actions, with the exceptions as noted in this constitution, taken by standing committees shall be subject to final review and approval by the Faculty Senate Executive Committee. All recommendations, resolutions or other actions as deemed needed by the Executive Committee shall be submitted to the full Faculty Senate for review or decision as judged necessary. In the event the Faculty Senate does not concur with committee actions, a full and detailed text of the rationale must be provided.

B. Quorum Requirements in Standing Committees. A quorum shall consist of a simple majority (50% plus one) of the voting members.

C. Rules of Procedures for Standing Committees. The parliamentary authority of the standing committees shall be the latest edition of *Robert's Rules of Order*.

D. Electronic Meetings. *Robert's Rules of Order* defines an electronic meeting as any meeting in which one or more members participates from a remote location using telephone or internet technology. Faculty Senate standing committees may hold electronic meetings subject to the following restrictions.

1. All members of the committee must be able to communicate, at least aurally, with all other members concurrently.

2. The Faculty Senate Executive Committee may approve and revise, from time to time, specific additional procedures that must be followed in electronic meetings of standing committees.

Section 5. The Executive Committee

A. The Executive Committee shall serve as the executive branch of the Marshall University Faculty Senate. It shall function in leadership and advisory capacity but shall not legislate.

B. Membership. Except as provided in Article VI, Section 5G, one (1) senator representing each academic unit of the university, elected to the Faculty Senate, shall serve. The term "academic unit" is defined in Bylaw #14. In addition, ex-officio, voting membership shall consist of the Graduate Council Chair and the faculty representative to the Advisory Council of Faculty (ACF). Ex-officio, non-voting membership shall consist of one representative of the Council of Chairs, the faculty representative to the Marshall University Institutional Board of Governors who may not be serving simultaneously as a faculty senator, and Student Government Association President.

C. Officers. The officers of the Faculty Senate shall be the officers of the Executive Committee. These shall be the Chair, Assistant Chair, and Recording Secretary of the Faculty Senate. They shall be nominated and elected by the Faculty Senate by secret ballot at a special spring meeting of the newly constituted Faculty Senate (i.e., those who will comprise the Faculty Senate during the next academic year). The terms of office shall be two (2) years. Officers shall serve no more than two (2) consecutive full terms in their respective positions. The Faculty Senate may remove an officer by a "motion to rescind the election." The successor shall be elected by the Senate. The elected successor shall serve until the next regularly scheduled election for that office. No two officers shall represent the same academic unit at any time.

D. Other members. All other voting members of the Executive Committee shall be nominated and elected by the Faculty Senate at the same special spring meeting of the newly constituted Faculty Senate, after the election of officers. The terms of office shall be two (2) years. No voting member of the Executive Committee may serve more than two consecutive terms. Non-officers shall be selected to represent those academic units not represented by the officers.

E. Powers and Functions. The Chair shall preside over Faculty Senate meetings, preside over general faculty meetings, preside over Executive Committee meetings, establish the agenda for Executive Committee meetings in cooperation with other officers, and confer with the University President and other officially designated bodies as the Faculty Senate representative. The Assistant Chair shall assume all duties and responsibilities in the absence of the Chair and assist the Chair in establishing the agenda for Executive Committee meetings. The Recording Secretary shall serve as secretary to the general faculty, serve as secretary to the Executive Committee, and assist the Chair and Assistant Chair in establishing the agenda for Executive Committee meetings. The election of the at-large senator for the South Charleston campus is the responsibility of the Executive Committee. The Executive Committee creates special committees and appoints such committee chairs, receives reports of ad-hoc committees or by the Faculty Senate, receives reports from university-wide search committees for information and review, sets agenda for the Faculty Senate and sends on items for consideration and legislation, sets agendas for general faculty meetings, and submits requests for consideration of business presented by faculty members. Any

request bearing the signatures and names of ten (10) or more full-time faculty members or five (5) or more senators shall be transmitted automatically to the appropriate Faculty Senate bodies for consideration, except in those cases where deliberation is already guaranteed by policies of the West Virginia Higher Education Policy Commission and the Marshall University Institutional Board of Governors. Such requests for agenda items must be considered within two meetings. Requests for consideration bearing fewer than ten (10) signatures and names of full-time faculty or fewer than five (5) signatures and names of senators shall be considered at the discretion of the Executive Committee, except in those cases where deliberation is already guaranteed by policies of the West Virginia Higher Education Policy Commission and the Marshall University Institutional Board of Governors.

Additional responsibilities of the Executive Committee include the areas of commencement and honorary degrees. The Executive Committee shall recommend policies relating to presidential inaugurations and commencement activities, including the selection of a commencement speaker. The Executive Committee shall recommend candidates for honorary degrees. The Executive Committee's recommendations in these matters shall be transmitted to the Faculty Senate for review and its decision. The Executive Committee will collect an annual contribution from the faculty and administration to defray costs of expressions of sympathy, congratulations, and so forth. It will assist in the planning and sponsorship of activities to honor retiring faculty.

The Executive Committee furthermore resolves jurisdictional disputes among committees, oversees and coordinates the preparation and posting of annual standing committee reports in the annual Faculty Senate report, coordinates the faculty role in the Greenbook revision, and shall act for the Faculty Senate during periods when the Faculty Senate is unable to meet. All actions taken by the Executive Committee must be subsequently approved by the Faculty Senate at its next meeting to remain in force. The Executive Committee may not legislate--only the Faculty Senate may do that.

F. Restrictions. Members of the Executive Committee are automatically barred from serving on any other standing committee of the Faculty Senate except as ex-officio, non-voting members as provided by this constitution. Executive Committee members may, however, be appointed to serve on ad-hoc or search committees.

G. Should the office of Faculty Senate Chair, Assistant Chair, or Recording Secretary become vacant during a time other than the end of a two-year term, the Executive Committee shall call for nominations from the Faculty Senate at its next regularly scheduled meeting. All senators, including members of the Executive Committee and its officers, are eligible to fill the unexpired term of a Faculty Senate officer. Election shall be by the Faculty Senate by secret ballot. Only one senator from a specific academic unit may serve as that academic unit's representative on the Executive Committee. If the election to replace a Faculty Senate officer causes an academic unit to have more than one senator representing that academic unit on the Executive Committee, the representative of that Academic Unit previous to the election will no longer be on the Executive Committee. If the election or other event leaves an academic unit unrepresented on the Executive Committee, the senators from that academic unit will immediately elect one among themselves to newly serve on the Executive Committee.

Section 6. Academic Planning Committee

A. Powers and Functions. The Academic Planning Committee shall serve as the major faculty agency for discussion, review, and development of recommendations of undergraduate programs regarding letters of intent to plan new academic programs, degrees, and certificates; academic long range planning (mission statements, five year plans, strategic plans and similar major plans, and the reorganization of any academic unit), academic programs needs assessments; and work directly with the University President and Faculty Senate Executive Committee as requested and appropriate. It shall be the function of the Academic Planning Committee to make recommendations about new academic programs and priorities in relation to available resources, receive Departmental Program Review documents, make recommendations concerning the level of action to be recommended by the institution to the West Virginia Higher Education Policy Commission and the Marshall University Institutional Board of Governors, and respond when appropriate to the West Virginia Higher Education Policy Commission and the Marshall University Institutional Board of Governors and/or the University President concerning policies relating to academic planning. The Academic Planning Committee will cooperate with administrative officials, university Deans or Directors, the Provost, the Vice President of Academic Affairs, and the University President on matters relating to academic planning. When appropriate, the Academic Planning Committee may seek external review teams for evaluation purposes for new program proposals.

B. Membership. Committee membership shall be consistent with that of all regular standing committees. Ex-officio, non-voting members shall be the Provost, the Vice President of Academic Affairs, the Dean or the Director of each college or school, the Vice President for Development, the Director of Institutional Research, and the coordinator of Assessment and Program Review.

Section 7. Budget and Academic Policy Committee

A. Powers and Functions. The Budget and Academic Policy Committee shall assume the primary responsibility for the development of policies that contribute to the maintenance of academic standards in the university. The committee's responsibility shall include, but not be limited to, policies affecting the university calendar, the university budget, library budgets, academic honesty, class attendance, grading and examinations. The committee shall process student academic appeals.

B. Membership. Committee membership shall be consistent with that of all regular standing committees. Ex-officio, non-voting members of this committee shall be the Provost, the Vice President of Academic Affairs or his/her designee, the Senior Vice-President for Finance & Administration, and one (1) Classified Staff Council representative.

It will monitor the maintenance and development of the intercollegiate athletic program in conformity with the policies, goals, and standards of the NCAA, conference, and

Marshall University scholastic standards. It will be responsible for ensuring that eligibility requirements for athletic competition are in compliance with the NCAA, conference, and Marshall University scholastic standards. It will review the Department of Athletics' budget in terms of its suitability to both short-term and long-term objectives and priorities of the Department of Athletics and Marshall University. The committee shall review all policy matters relating to the athletic program of the university as requested by the faculty, the Athletic Director, or the University President. The committee shall receive position requirements prior to public notice of vacancies. The committee shall be represented on all Department of Athletics' search committees to fill vacancies.

B. Membership. Committee membership shall be consistent with that of all regular standing committees. Voting membership shall also include the faculty representative to the NCAA and a representative of the Student-Athlete Advisory Committee. Ex-officio, non-voting members of this committee shall be the Senior Vice President for Finance & Administration, the Dean of Student Affairs, the Athletic Director, the Associate Athletic Director for Compliance, one (1) representative from the Big Green Scholarship Foundation, one (1) Alumni Association representative, and one (1) Classified Staff Council representative.

Section 9. Curriculum Committee

A. Powers and Functions. The Curriculum Committee shall be responsible for assisting undergraduate college/school curriculum committees in their activities such as approving undergraduate course and other curriculum changes, as well as approving the addition or deletion of undergraduate programs.

B. Membership. Committee membership shall include one representative from the college curriculum committee of each academic unit listed in Bylaw #14 that has undergraduate programs, and one representative from the Marshall University Libraries. This committee does not have a graduate student representative. Ex-officio, non-voting members shall be the Provost, Vice President of Academic Affairs and the Dean or the Director of each undergraduate college or school.

Section 10. Faculty Personnel Committee

A. Powers and Functions. The Faculty Personnel Committee shall study and evaluate policies and procedures relating to the hiring of faculty, which includes a yearly review of salaries, and review and recommend sabbatical leave requests. The committee shall act as an advisory panel for all faculty members initiating grievances in accordance with Series 9. The committee shall address all faculty grievances except those involving dismissal, termination due to reduction of or discontinuance of an existing program, termination due to financial exigency, or a faculty member desiring to appeal a decision of the University President on non-retention or promotion. The committee shall refer to the Hearing

Committee those grievances involving a number of persons. Chapter 29B. Freedom of Information Act of the West Virginia code provides that “Every person has a right to inspect or copy any public record for a public body in this state, except as otherwise expressly provided by Section Four of this article.” Under Exceptions in Section Four the code reads, “Information of a personal nature such as that kept in a personal, medical, or similar file, if the public disclosure thereof would constitute an unreasonable invasion of privacy...” When the committee handles matters of a personal nature, it will not share its findings with the Faculty Senate. Hence, in this function it remains exempt from those conditions outlined under the section entitled "Committee-Senate Relationship" in this document.

B. Membership. Committee membership shall be consistent with that of all regular standing Committees. This committee does not have undergraduate and graduate student representatives. Universities striving for excellence historically and traditionally have enjoyed the autonomy and integrity necessary to accomplish their mission as institutions of higher learning committed to the search for and dissemination of knowledge and truth—and so it has been, and must continue to be, at Marshall University. It is recognized that the legal authority to guide and regulate the University is vested by the West Virginia Legislature in the West Virginia Higher Education Policy Commission, the Marshall University Institutional Board of Governors and the President of the University. Universities striving for excellence historically and traditionally have enjoyed the autonomy and integrity necessary to accomplish their mission as institutions of higher learning committed to the search for and dissemination of knowledge and truth—and so it has been, and must continue to be, at Marshall University. It is recognized that the legal authority to guide and regulate the University is vested by the West Virginia Legislature in the West Virginia Higher Education Policy Commission, the Marshall University Institutional Board of Governors and the President of the University. ARTICLE III – MEMBERSHIP AND ELECTION

Section 1. The Faculty Senate shall consist of one (1) senator for each academic unit, unless otherwise specified, plus one (1) senator for each thirteen (13) full-time faculty members, plus one (1) additional member if the number of full-time faculty in a unit exceeds a multiple of thirteen by seven (7) or more. The School of Medicine and the School of Pharmacy will each have three (3) regular senators and a pool of three (3) senator substitutes. For Faculty Senate meetings, senator substitution from the pool of senator substitutes will be allowed for the School of Medicine and the School of Pharmacy. Ex-officio voting members will be the Graduate Council Chair and the faculty representative to the ACF. The Student Government Association President will be an ex-officio, non-voting member of Faculty Senate. The term "academic unit" is defined in Bylaw # 14. Individual constituency numbers for calculating representation shall be based upon the number of full-time faculty presented every second year to the Executive Committee of the Faculty Senate in the fall semester preceding Faculty Senate elections. Census information will be provided by the Office of Institutional Research in collaboration with the Provost/Senior Vice President for Academic Affairs and the Dean and Vice President for Health Affairs. In addition, South Charleston faculty will elect one (1) at-large senator.

Section 2. For the purposes of this Constitution, unless specifically stated otherwise, the word faculty means all full-time employees who have current faculty appointments, including library-track faculty, clinical faculty, associate deans, assistant deans, directors, associate directors, assistant directors, chairs, temporary faculty with one-year appointments, and term faculty. Faculty does not include deans, part-time faculty, and adjunct faculty. All faculty shall be eligible for election to office unless specifically stated otherwise in this Constitution. This definition of faculty shall be used for apportionment calculations for Faculty Senate representation.

Section 3. The term of office for a senator shall be two (2) years. Senators can serve no more than four (4) consecutive terms.

Section 4. Elections for senators shall occur annually in March of even-numbered years, with the names of the new senators submitted by the Dean or Director of each unit to the Chair of the Faculty Senate by April 1. For the at-large senator for the South Charleston campus the election will be the responsibility of the Executive Committee of the Faculty Senate. Each unit shall conduct its own election according to the bylaws of that unit, providing that all voting shall be by secret ballot.

Section 5. If a senator misses more than three (3) regular meetings in any academic year, his/her seat will be declared vacant by the Faculty Senate Chair, who will immediately report the vacancy to the Dean or Director of the appropriate unit. Within two weeks the Dean or Director shall call for nominations and the election of a faculty member to fill the vacated seat.

Section 6. Temporary senators will be elected by a unit if a seat is vacated for one academic year or less due to leaves of absence, sabbaticals, incapacity, or other reason. If a senator cannot fulfill his/her responsibilities and duties to the Faculty Senate for longer than one academic year, he/she must resign. Temporary senators will have all the privileges of Faculty Senate membership, though they may serve no longer than one academic year in temporary capacities.

ARTICLE IV – MEETINGS

Section 1. The Faculty Senate shall meet at least quarterly and may meet at such other times as called by the Faculty Senate Chair or by a majority of the members during the regular academic year. Special sessions of the Faculty Senate will be called at the request of ten (10) or more faculty members. Special sessions will be held as soon as practicable within two (2) weeks from the date they are called. The responsibility for notifying senators and faculty members of special sessions shall rest with the Faculty Senate Chair who shall use the most appropriate means available to fulfill this obligation. An announcement of the agenda, time, and place of every regularly scheduled Faculty Senate meeting shall be sent to each senator one week before the meeting.

Section 2. A quorum shall be a simple majority of the voting Faculty Senate members.

Section 3. A voice vote will be conducted on actions requiring a vote. At the request of any senator for a division of the Faculty Senate, a show of hands or roll call vote will be taken and recorded by the Faculty Senate Recording Secretary.

Section 4. Minutes. The minutes of Faculty Senate meetings shall be distributed to each senator and the University President no later than seven (7) working days before the next meeting. Also, the minutes will be available on the Faculty Senate's website.

Section 5. Rules of Procedure. The parliamentary authority of the Faculty Senate shall be the latest edition of *Robert's Rules of Order*.

Section 6. Faculty Senate meetings are open to the public except in those cases where executive sessions are permitted by West Virginia statute (6-9A-4). No decision shall be made in any executive session of the Faculty Senate. If any student, administrator, or non-senate faculty member wishes to speak about an issue, he/she will be recognized and allowed to speak briefly. If any non-senator wishes to speak for a longer period of time, he/she should request the Executive Committee at its meeting to place him/her on the agenda.

Section 7. The University President shall meet at least quarterly with the Faculty Senate to discuss matters affecting faculty and the effective and efficient management of the institution.

Section 8. The Marshall University Institutional Board of Governors shall meet at least annually with the Faculty Senate to discuss matters affecting faculty and the effective and efficient management of the institution.

ARTICLE V – ADOPTION AND AMENDMENT

Section 1. This constitution shall be adopted when approved by a simple majority of the secret ballots cast by the faculty as defined in ARTICLE III, Section 2 of the current Constitution of the Marshall University Faculty. Upon adoption by the faculty, this constitution shall be made a part of the Marshall University Greenbook, which shall contain the Faculty Senate Bylaws, official policies, procedures, and other information pertinent to the University's operation and internal government.

Section 2. An amendment to the constitution may be proposed by ten (10) percent of the faculty or by a majority vote of the Faculty Senate. All proposed amendments must be submitted to the faculty for its approval. The ratification of an amendment requires the approval of a two-third (2/3) majority of those voting.

Section 3. Any proposed amendment shall be distributed to every member of the faculty at least two weeks before a regular or special meeting of the faculty at which the amendment will be discussed. Opportunity for debate shall be provided for every proposed amendment.

ARTICLE VI – STANDING COMMITTEES

Section 1. The Marshall University Faculty Senate system shall include, in addition to the Faculty Senate itself, standing committees. One of these is designated the Executive Committee of the Faculty Senate and shall function as part of the Faculty Senate. The other committees work in cooperation with, but are distinctly separate from, the Faculty Senate. Except for the Executive Committee, the membership, officers, and relationships of the standing committees to the Faculty Senate are as follows:

Section 2. Membership. The membership of standing committees, unless otherwise specified, shall include one senator appointed by the Faculty Senate Chair to serve a two-year term. This member shall be the voting “Liaison.” This appointment may be renewed for one additional consecutive term. Other members shall consist of one member elected by the faculties of each academic unit as defined in Bylaw #14. One undergraduate student, appointed by the Student

Government Association, and one graduate student, appointed by the Student Government Association, will also serve with exceptions as noted. This shall be the voting membership of the committees. Ex-officio, non-voting members will be designated according to each committee's nature and functions. The length of faculty membership on committees shall be four (4) years. Faculty members may serve no more than two consecutive terms on any one standing committee and may not serve on any two standing committees simultaneously.

Section 3. Officers. Officers of the standing committees will be a chair and a recording secretary. The chairs of the committees and the recording secretaries will be elected by the voting members of their standing committees. The terms of office shall be one (1) year and may be renewed up to a maximum of four (4) successive terms (i.e., four years). The committee may remove an officer by a "motion to rescind the election." The successor of an officer removed in this manner shall serve until the next regularly scheduled election for that office. The chair is responsible for establishing the committee's agenda with the assistance of the recording secretary; presiding over committee meetings; and reporting committee actions to the Faculty Senate. The chair shall also notify all committee members of the Faculty Senate's response to committee actions. The chair, with the assistance of the committee's recording secretary, shall prepare an annual report on the committee's work at the end of the academic year, and this will be submitted to the Executive Committee to be posted on the Faculty Senate website. The committee's recording secretary will also be responsible for keeping minutes of all committee meetings, for accurately recording and reporting votes of the committee, and for assisting the committee chair in the preparation and submission of the committee's annual report.

Section 4. A. Committee-Senate Relationship. Standing committees shall meet of their own accord, or when requested to meet by the Faculty Senate Chair, the Executive Committee, or the Faculty Senate. All actions, with the exceptions as noted in this constitution, taken by standing committees shall be subject to final review and approval by the Faculty Senate Executive Committee. All recommendations, resolutions or other actions as deemed needed by the Executive Committee shall be submitted to the full Faculty Senate for review or decision as judged necessary. In the event the Faculty Senate does not concur with committee actions, a full and detailed text of the rationale must be provided.

B. Quorum Requirements in Standing Committees. A quorum shall consist of a simple majority of the voting members.

C. Rules of Procedures for Standing Committees. The parliamentary authority of the standing committees shall be the latest edition of *Robert's Rules of Order*.

D. Electronic Meetings. *Robert's Rules of Order* defines an electronic meeting as any meeting in which one or more members participates from a remote location using telephone or internet technology. Faculty Senate standing committees may hold electronic meetings subject to the following restrictions.

1. All members of the committee must be able to communicate, at least aurally, with all other members concurrently.

2. The Faculty Senate Executive Committee may approve and revise, from time to time, specific additional procedures that must be followed in electronic meetings of standing committees.

Section 5. The Executive Committee

A. The Executive Committee shall serve as the executive branch of the Marshall University Faculty Senate. It shall function in leadership and advisory capacity but shall not legislate.

B. Membership. Except as provided in Article VI, Section 5G, one (1) senator representing each academic unit of the university, elected to the Faculty Senate, shall serve. The term "academic unit" is defined in Bylaw #14. In addition, ex-officio, voting membership shall consist of the Graduate Council Chair and the faculty representative to the Advisory Council of Faculty (ACF). Ex-officio, non-voting membership shall consist of one representative of the Council of Chairs, the faculty representative to the Marshall University Institutional Board of Governors who may not be serving simultaneously as a faculty senator, and Student Government Association President.

C. Officers. The officers of the Faculty Senate shall be the officers of the Executive Committee. These shall be the Chair, Assistant Chair, and Recording Secretary of the Faculty Senate. They shall be nominated and elected by the Faculty Senate by secret ballot at a special spring meeting of the newly constituted Faculty Senate (i.e., those who will comprise the Faculty Senate for the next two academic years). The terms of office shall be two (2) years. Officers shall serve no more than two (2) consecutive full terms in their respective positions. The Faculty Senate may remove an officer by a "motion to rescind the election." The successor shall be elected by the Senate. The elected successor shall serve until the next regularly scheduled election for that office. No two officers shall represent the same academic unit at any time.

D. Other members. All other voting members of the Executive Committee shall be nominated and elected by the Faculty Senate at the same special spring meeting of the newly constituted Faculty Senate, after the election of officers. The senators from each academic unit not represented by an officer will elect one among themselves to serve on the Executive Committee. The terms of office shall be two (2) years. No voting member of the Executive Committee may serve more than two consecutive terms.

E. Powers and Functions. The Faculty Senate Chair shall preside over Faculty Senate meetings, preside over general faculty meetings, preside over Executive Committee meetings, establish the agenda for Executive Committee meetings in cooperation with other officers, and confer with the University President and other officially designated bodies as the Faculty Senate representative. The Assistant Chair shall assume all duties and responsibilities in the absence of the Chair and assist the Chair in establishing the agenda for Executive Committee meetings. The Recording Secretary shall serve as secretary to the general faculty, serve as secretary to the Executive Committee, and assist the Chair and Assistant Chair in establishing the agenda for Executive Committee meetings. The election of the at-large senator for the South Charleston campus is the responsibility of the Executive Committee. The Executive Committee creates special committees and appoints such committee chairs, receives reports of ad-hoc committees or by the Faculty Senate, receives reports from university-wide search committees for information and review, sets agenda for the Faculty Senate and sends on items for consideration and legislation, sets agendas

for general faculty meetings, and submits requests for consideration of business presented by faculty members. Any request bearing the signatures and names of ten (10) or more full-time faculty members or five (5) or more senators shall be transmitted automatically to the appropriate Faculty Senate bodies for consideration, except in those cases where deliberation is already guaranteed by policies of the West Virginia Higher Education Policy Commission and the Marshall University Institutional Board of Governors. Such requests for agenda items must be considered within two meetings. Requests for consideration bearing fewer than ten (10) signatures and names of full-time faculty or fewer than five (5) signatures and names of senators shall be considered at the discretion of the Executive Committee, except in those cases where deliberation is already guaranteed by policies of the West Virginia Higher Education Policy Commission and the Marshall University Institutional Board of Governors.

Additional responsibilities of the Executive Committee include the areas of commencement and honorary degrees. The Executive Committee shall recommend policies relating to presidential inaugurations and commencement activities, including the selection of a commencement speaker. The Executive Committee shall recommend candidates for honorary degrees. The Executive Committee's recommendations in these matters shall be transmitted to the Faculty Senate for review and its decision. The Executive Committee will collect an annual contribution from the faculty and administration to defray costs of expressions of sympathy, congratulations, and so forth. It will assist in the planning and sponsorship of activities to honor retiring faculty.

The Executive Committee furthermore resolves jurisdictional disputes among committees, oversees and coordinates the preparation and posting of annual standing committee reports in the annual Faculty Senate report, coordinates the faculty role in the Greenbook revision, and shall act for the Faculty Senate during periods when the Faculty Senate is unable to meet. All actions taken by the Executive Committee must be subsequently approved by the Faculty Senate at its next meeting to remain in force. The Executive Committee may not legislate--only the Faculty Senate may do that.

F. Restrictions. Members of the Executive Committee are automatically barred from serving on any other standing committee of the Faculty Senate except as ex-officio, non-voting members as provided by this constitution. Executive Committee members may, however, be appointed to serve on ad-hoc or search committees.

G. Vacancies. Should the office of Faculty Senate Chair, Assistant Chair, or Recording Secretary become vacant during a time other than the end of a two-year term, the Executive Committee shall call for nominations from the Faculty Senate at its next regularly scheduled meeting. All senators, including members of the Executive Committee and its officers, are eligible to fill the unexpired term of a Faculty Senate officer. Election shall be by the Faculty Senate by secret ballot. Only one senator from a specific academic unit may serve as that academic unit's representative on the Executive Committee. If the election to replace a Faculty Senate officer causes an academic unit to have more than one senator representing that academic unit on the Executive Committee, the representative of that Academic Unit previous to the election will no longer be on the Executive Committee. If the election or other event leaves an academic unit unrepresented on the Executive Committee, the senators from that academic unit will immediately elect one among themselves to newly serve on the Executive Committee.

Section 6. Academic Planning Committee

A. Powers and Functions. The Academic Planning Committee shall serve as the major faculty agency for discussion, review, and development of recommendations of undergraduate programs regarding letters of intent to plan new academic programs, degrees, and certificates; academic long range planning (mission statements, five year plans, strategic plans and similar major plans, and the reorganization of any academic unit), academic programs needs assessments; and work directly with the University President and Faculty Senate Executive Committee as requested and appropriate.
