OF APPRECIATION

Scholarships Immensely Help with College

"I love the sense of community. I love that everywhere I go in Huntington, I see people wearing Kelly green. I love that Marshall brings everyone together," said Anna Lynch.

Majoring in finance and international business, Anna was recruited by the Marshall University Swim Team from Oakwood, Ohio. She entered as a member of the Class of 2019, but graduated one year early. This fall, she began obtaining her Master of Business Administration at the University of Dayton.

Dr. Rishav Bista has been her mentor at Marshall, but she is excited to learn how to develop her career path and personal brand.

"I have been fortunate enough to receive athletic and academic scholarships that have immensely helped me afford the expenses of attending college," said Anna. "This has enabled me to start a new chapter of my life without any restraints, and for that I am extremely grateful. I would like to thank each and every Marshall donor for making this outcome possible for so many students!"

Anna believes Marshall is evolving and improving each year due to the help from alumni. She hopes that students continue to stay involved and take pride in their alma mater.

In addition to being a member of the swim team, she has been involved with Beta Gamma Sigma, a business honor society and Delta Sigma Pi, a professional fraternity.

Her favorite place on Marshall's Huntington campus is the Memorial Fountain.

"It reminds me of my privilege to represent Marshall University as a student-athlete," she explains. "It is a beautiful reminder of Marshall's strong, supportive community."

Fun Facts

Class of 2018

Hometown: Oakwood, OH
