Pros

Both Fall and Spring semesters can include a mid-semester break (Thursday and Friday off), a request from student

The Fall and Spring semesters are identical.

Fall and Spring each have an additional 3 days of instruction compared to our current calendar, which puts us in line with peer institutions, addresses the problem of frequent weather-related closures, helps COHP meet their Faculty who do not wish to redesign their courses to fill the extra day(s) of instruction would have freedom to use the extra day(s) for review sessions or give students extra time to work on papers and projects.

This calendar will work through at least 2032, so there is no need to change the calendar in a "reset" year.

Cons

There is just one week off between the end of summer and the start of fall.

its to promote mental health.
