## Request for Graduate Addition, Deletion, or Change of a Major or Degree-Page 2

---

Please provide a rationale for addition, deletion, change: (May attach separate page if needed)

The request for an increase in the anesthesia practice content hours is in response to a recent analysis of program success and effectiveness by the faculty within the nurse anesthesia program and as required by the accrediting agency (COA) for additional anesthesia content hours. The program plans to use these additional hours to offer more direct anesthesia practice content without the need to increase the total hours of the program. Fifteen hours will be taken from the research content of the program leaving it with six remaining hours in research methods and statistics. The fifteen hours will be added to existing principles courses (advanced and basic) applied nursing and simulation lab. This will allow students to have a more immersive experience with both real and practice-based clinical case management. This offers the students a more practitioner based learning experience.

Please describe any changes in curriculum:

List course number, title, credit hours. Note whether each course is required or optional. Enter NONE if no change. (May attach separate page if needed)
