

WHO?

Our project is a consulting project for the Rotary Club of Huntington. The Rotary Club of Huntington was established in 1915 and is part of Rotary District 7550. Dues to become a Rotarian are \$225.

WHAT?

The Rotary Club of Huntington's website is extremely outdated. There are blank pages, test posts of random text, and duplicate information plus difficulty in using the main features of the site. It was requested to update the look and functionality of the website, as well as add the option for payment using cards and multiple payment options.

WHY?

The Rotary Club has difficulty receiving payments from its members for their dues, wishes to advertise events that are held, and wants to be able to keep up with who becomes a member.
