

## Marshall University Research Corporation

The Marshall University Research Corporation is committed to an active, growing and successful research enterprise that will help address today's challenges, improve the quality of life in the community and provide an engine for economic development.

In support of this commitment, the corporation delivers the following professional services to members of the university community:

### Grants and Contracts

- Identifying potential sponsors
- Interpreting proposal guidelines and developing budgets
- Coordinating institutional approval for proposal submissions
- Negotiating awards with sponsors
- Guiding investigators in administration of funded projects
- Serving as the fiscal agent for grants/contracts
- Providing personnel and payroll services for grant-funded positions

### Technology Transfer/Business Development

- Facilitating the invention disclosure process
- Obtaining patents, copyrights and trademarks
- Collecting and disbursing royalties
- Developing technical and market assessments
- Marketing university technologies to industry partners
- Providing business assistance to startup companies

### Research Integrity

- Providing information about responsible research conduct and the process for investigating allegations of research misconduct
- Supplying guidelines for research involving human and animal subjects
- Coordinating the university's institutional review boards
- Maintaining public trust through disclosure and management of conflicts of interest
