MAJOR INFORMATION

- All students desiring entry into the B.A or the music minor must be formally admitted to the music program. This admittance is based upon an audition in the student's major performance area (instrument or voice) and an interview with the area faculty. Students desiring to enter the composition area of emphasis should be prepared to show evidence of music theory study and/or compositions. Students should contact the music office to arrange for an audition and interview.
- Candidates for the B.A. in Music must complete 51 credit hours of study in music.
- Forty (40) credit hours must be earned in courses numbered 300-499.
- All coursework in the music major must be completed with a grade of C or above. A course with a grade of D or F must be repeated with at least a grade of C to count for graduation or be used as a prerequisite for another required course.
- Upon completion of the fourth semester of 100 level applied music study in the principal performance medium, students must pass a sophomore hearing to demonstrate achievement of the appropriate applied music level and for admittance to upper division (300-level) applied music study in the principal performance medium. Students are permitted a maximum of two attempts to pass the sophomore hearing.
- Demonstration of piano proficiency is a graduation requirement in all music and music education degree programs. Completing MUS 179D with a minimum grade of C satisfies this requirement.
