**IMPORTANT INFORMATION:**

The Marshall University School of Pharmacy requires the completion of the listed courses prior to matriculation into the PharmD program. However, courses do not have to be completed prior to application submission and interview. Applicants must contact Ms. Kasie Erlewine at [erlewine2@marshall.edu](mailto:erlewine2@marshall.edu) to request permission for any courses finishing after July 1.

\*The anatomy and physiology requirements can be fulfilled through a joint course, such as “Anatomy & Physiology I.” However, the student will need two semesters with labs to meet the requirement.

Any additional prerequisite course questions may be directed to the Office of Student Affairs at [pharmacy@marshall.edu](mailto:pharmacy@marshall.edu).
