Compensation Statement

Our principal remuneration for the placement and service of your insurance policy(ies) will be by commission (a proportion of the premium paid that is allowed to us by the insurance company(ies)) and/or a mutually agreed fee.

You should be aware that we may receive additional income from the following sources:

- **Interest or Investment Income** earned on insurance premiums.
- **Expense Allowances or Reimbursements** from insurance companies and other vendors for (a) educational and professional development programs; (b) managing and administering certain binding authorities and other similar facilities, including claims which may arise; and (c) attendance at insurance company meetings and events; all of which we believe enable us to provide more efficient service and competitive terms to those clients for whom we consider the use of such facilities appropriate.
- **Tier II Commission** is exclusive to the placement of employee benefits insurance and is based on premium volume of new business and/or premium retention.
- **Contingent Commission** may be based on profitability, premium volume, premium retention, and/or growth.
- **Administrative and Services Fees** may be paid for limited services we provide to the insurance company as part of the placement process for insurance policies placed with a particular company, including but not limited to premium billing, collection, remittance and credit control, policy document compilation, and record retention or for consulting and data analytic services.

If you have questions or desire additional information about remuneration and other income, please contact your Agent who will put you in touch with our Chief Risk Manager for assistance. If any part of your insurance program is placed through any Truist-owned companies (including retail insurance broker McGriff Insurance Services, Inc.; wholesale insurance brokers CRC Insurance Services, Inc. and Crump Life Insurance Services, Inc.; managing general underwriter AmRisc, LLC; insurance premium finance companies Prime Rate Premium Finance Corporation, Inc., AFCO Credit Corporation, AFCO Acceptance Corporation, CAFO Holdings Company, and CAFO Inc.; or affiliates; or MBT, Ltd.) disclosure of that income will also be included.

Broker Compensation Disclosure Requirements

Section 202 of the Consolidated Appropriations Act, 2021 (“CAA”), requires entities providing brokerage and consulting services (referred to collectively as “covered service providers”), including their affiliates and subcontractors, who expect to receive \$1,000 or more in direct or indirect compensation, to provide plan fiduciaries with a written disclosure “reasonably in advance of” when the contract is entered, extended, or renewed. The effective date of the requirement is December 27, 2021 and applies to contracts executed on or after December 27, 2021.

Disclosures are required to include:

- A description of the services to be provided to the covered plan pursuant to the contract.
- Where applicable, a statement that the covered service provider (or their affiliate or subcontractor) will provide, or reasonably expects to provide, services pursuant to the contract directly to the covered plan as a fiduciary.
- A description of all direct compensation, either in the aggregate or by service, the covered service provider (or their affiliate or subcontractor) reasonably expects to receive from the covered plan in connection with services provided under the contract.
- A description of all indirect compensation, including compensation from a vendor to a brokerage firm based on a structure of incentives not solely related to the contract with the covered plan that the covered service provider reasonably expects to receive in connection with services provided under the contract. Indirect compensation excludes any compensation received by an employee from an employer. Further compensation from the covered service provider (or their affiliate), the covered plan, or the plan sponsor is not indirect compensation.

In addition to the above, for any indirect compensation, the disclosure must also include:

- A description of the arrangement between the payer and covered service provider (or their affiliate or subcontractor) pursuant to which indirect compensation is paid;
 - Identification of the services for which the indirect compensation will be received, if applicable; and
 - Identification of the payer of indirect compensation.
- A description of any compensation provided on a transaction basis (such as commissions, finder’s fees, or other similar incentive compensation based on business placed or retained) that will be paid among the covered service provider (or their affiliate or subcontractor) in connection with the services provided under the contract. This should include an identification of the services for which such compensation will be paid and identification of the payers and recipients of such compensation as well as the status of a payer or recipient as an affiliate or a subcontractor, regardless of whether such compensation also is disclosed pursuant to any other provision.
 - A description of any compensation that the covered service provider (or their affiliate or subcontractor) reasonably expects to receive in connection with termination of the contract or arrangement, and how any prepaid amounts will be calculated and refunded upon such termination.
 - A description of the manner in which such direct or indirect compensation will be received.

Compensation may be expressed in a monetary amount, formula, or per capita charge based on enrollment counts, or another reasonable method if it cannot reasonably be expressed in one of the other manners. If additional compensation can be earned, but it is not calculable at the time of the contract, then the disclosure must include a description of the circumstances under which the additional compensation may be earned and a reasonable, good faith estimate if the covered service provider cannot readily describe compensation or cost and explains the methodology or assumptions used to prepare their estimate. Disclosure of compensation in ranges may be reasonable in circumstances when the occurrence of future events or other features of the service arrangement could result in the covered service provider's compensation varying within a projected range.

In addition to the above, the covered service provider must update its disclosures:

- Within 60 days of being informed of a change to the information already disclosed (or as soon as practicable if disclosure is precluded due to circumstances beyond the covered service provider's control)
- To correct any inadvertent errors or omissions within 30 days of discovering the error or omission

Further, covered service providers must provide its disclosure within 90 days of a written request by the plan fiduciary.

Broker Compensation Disclosure Form

McGriff (the Company) is committed to helping our clients make informed financial decisions. To honor our commitment, we strive to provide information that is clear, relevant, and accurate to help clients select services that best meet their needs. Our goal is to build a better future for our clients and communities and we are committed to full transparency in all aspects of our client relationships.

Our principal remuneration for the placement and service of your Employee Benefit Programs will be by commission (a proportion of the premium paid that is allowed to us by the insurance company(ies)) and/or a mutually agreed fee. You should be aware that we may receive additional income from the following sources:

Tier II / Supplemental Compensation is related to the placement of Employee Benefits coverage(s) and the placement of Employee Benefits insurance. Tier II / Supplemental Compensation requires certain conditions to be met in order to achieve that compensation. Tier II Supplemental compensation may be earned based on measurable aspects of new business and/or persistency of existing business. It can also be earned based on enrollment, number of clients, premium volume, addition of lines of coverage, certain scaled thresholds or other quantifiable action related to Employee Benefits business. This might include compensation from any of the below referenced insurers, vendors, or other third parties. As such, it is possible that no Tier II / Supplemental Compensation will be paid if the Company does not meet performance requirements. Due its variable nature, Tier II / Supplemental Compensation cannot be calculated as of the time this disclosure is made to you, or prior to the date the Company's executed, extended, or renewed contract with you is effective. In accordance with applicable guidance, however, we have provided you reasonable ranges for potential Tier II/Supplemental Compensation based on a percentage of total premium. The ranges provided for Tier II / Supplemental Compensation were based on a range between no Tier II/Supplemental Compensation being earned and the maximum Tier II/Supplemental Compensation being earned as provided in any agreement between the insurer, vendor or other third party and the Company.

Further details of Tier II / Supplemental Compensation structures are available upon request. Compensation may be in the form of additional commissions, bonuses, or benefits ("compensation").

The Company may also receive **non-cash compensation** from certain insurers, vendors, or other third parties that is not in connection with any particular client. This compensation includes such items as gifts valued at less than \$100 annually, entertainment, or reimbursement in connection with educational meetings, client workshops or events, or marketing or advertising initiatives, including services for identifying prospective clients. The Company may also receive corporate sponsorships for meetings, training, or other programming we provide for you and other clients, or for our own internal purposes. Like Tier II/Supplemental Compensation, potential non-cash compensation cannot be calculated at the time this disclosure is made to you but, in accordance with applicable guidance, we have provided you a reasonable range of the potential non-cash compensation as a percentage of total premium.

The following constitutes McGriff's disclosure of direct and indirect compensation the Company will receive or reasonably expects to receive for the plan period of 2024/2025 in connection with the below referenced services it provides to you, and as outlined in your Fee Agreement, Employee Benefits Broker Service Agreement or other arrangement/contract for services with McGriff.

- Coordination of ID Cards,
- Claims Packets,

The Company does not provide the above-referenced services to the Client in the capacity as a plan fiduciary under ERISA.

The Company reasonably expects to receive compensation from sources other than the Client related to the lines of coverage and/or services listed below. PROVIDER SECURITY STANDARDS

McGriff

The following is a brief summary of the measures that we have taken as your agent/broker to review and objectively report to you the financial security of your insuring companies. Information is included from A.M. Best Company, our primary security rating source, and the internal policies and standards, which we have established to address this important issue for our clients.

Market Security Review

McGriff has established and continues to maintain an internal “Market Security Review Group” composed of senior management representatives from the Finance, Marketing, Wholesale, and Administrative Divisions of the company. This Group’s purpose is to develop and implement a policy, procedure, and standard for the review of financial security of all insurers, intermediaries, and associations used by McGriff.

This Group meets periodically to review the current listing of all companies, intermediaries, and associations that are actively used by McGriff. It will also act on any pending requests received from an agency to have new providers activated, and to inactivate any providers that do not meet current McGriff standards.

Provider Classifications

“Approved Provider” – A.M. Best Secured Rating with a minimum rating of A-, Demotech Financial Stability Rating of A, Exceptional or ALIRT score of 35 with five (5) or fewer flags. For foreign insurers whose rating is not tracked by A.M. Best, other internationally recognized rating organizations will be used.

“Exception Provider” – Any provider whose Best’s rating is below “A-”. The A.M. Best’s rating of an “exception” provider will be included on all McGriff proposals delivered to clients or prospects. In addition, these providers which have been reviewed by the Market Security Review Group and the client may be considered an exception security based on other factors. The client may be required to sign a form of disclaimer or acknowledgement of receipt of this information.

“Prohibited Provider” – All other providers not mentioned in one of the paragraphs above. These providers will not be set up for active use in the McGriff agency management system(s) at any time, for any reason.

History – A.M. Best Company was incorporated in 1899 as the first rating agency in the world to offer reliable information on the financial condition of U.S. insurance companies. The **Best’s Rating Guide** was first published in 1900, and has since become a cornerstone of the security review process by continuously evaluating the financial integrity of over 4,100 insurance companies. In 1984, the first edition of the **Best’s International Rating Guide** was published, reporting on the claims-paying ability of over 950 international insurers.

The information used by Best’s to rate insurance carriers is provided by the companies themselves as a part of their normal filings with the National Association of Insurance Commissioners, those states in which the company is licensed, the SEC and/or with its shareholders. Rating reviews are performed annually on each insurance company and on an interim basis as conditions dictate.

Best's Rating System – The Best's rating system is designed to evaluate a wide range of objective and subjective factors that affect the overall performance of an insurance company (not applicable to associations or intermediaries). These factors deal with the company's financial strength, its operational performance, and its ability to meet its financial obligations to policyholders, as follows:

- Profitability
- Quality of Reinsurance Program
- Quality and Diversification of Assets
- Adequacy of Policy Loss Reserves
- Capital Structure
- Spread of Risk
- Leverage/Capitalization
- Liquidity
- Adequacy of Policyholder's Surplus
- Management Experience and Objectives

An insurance company not licensed to do business in a given state. These insurers are not subject to the financial solvency and enforcement regulations that are required for admitted carriers. These insurers do not participate in any of the insurance guarantee funds. Therefore, these funds will not pay your claims or protect your assets if the insurer becomes insolvent and is unable to make payments as promised.

When policies are directly billed by McGriff:

- Invoices are due on the effective date or transaction date, whichever is later

PURCHASING AFFIDAVIT

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL CONTRACTS: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.
