#10:	<p>QUOTATIONS:</p> <p>When an identified need for repair or replacement is determined to fall outside the scope of covered maintenance, the contractor shall provide:</p> <ul style="list-style-type: none"> • A written assessment of the extent and scope of the repair. • A written timeline to complete the repair. • A written price estimate. <p>The price estimate shall include the cost of parts, and all labor and travel, but shall not include "per diem" costs for meals and lodging. Thresholds of spend dictate whether the work will be assigned to the contractor or if bids are required. If the proposed cost is determined to be fair and reasonable, and the cost falls below the threshold of bidding out, the University will proceed to assign the work to the contractor. If the cost falls above the threshold, the University will determine if a bid is needed.</p> <p><u>No work shall be performed</u> until the University issues a written notice to proceed to the contractor.</p>			
#11:	<p>MATERIALS</p> <p>Contractor markup on materials required to perform the services described herein shall be fixed for the term of the agreement. In no case, shall contractor's mark up for materials exceed fifteen percent (15%).</p>			
#12:	<p>ADDITION OR DELETION OF ELEVATOR UNITS</p> <p>The elevators to be serviced and maintained under this contract are specified above. Any unit added or deleted by the University from original listing will result in an equitable adjustment to the contract price. If added, the price will be negotiated by the parties. If a unit is deleted, the price as then in effect on said individual unit will be prorated over the remainder of the term of this agreement, and so subtracted from the amount due under this agreement. If the University chooses to modernize any unit, the modernized unit may be deleted by the University from the agreement for the term of the warranty period of the modernized elevator.</p>
