SECTION 1: GENERAL INFORMATION

1.1. Introduction:

The Marshall University Office of Purchasing (hereinafter referred to as the "Office of Purchasing") is issuing this solicitation as a request for proposal ("RFP"), as authorized by Marshall University Board of Governors Policy No. FA-9 Purchasing Policy for the West Virginia Brownfields Assistance Center (hereinafter referred to as the "Center") to provide environmental and related assessments for the Building Removal and Renovation Initiative.

The RFP is a procurement method in which vendors submit proposals in response to the request for proposal published by the Office of Purchasing. It requires an award to the highest-scoring vendor, rather than the lowest-cost vendor, based upon a technical evaluation of the vendor's technical proposal and a cost evaluation. This is referred to as a best-value procurement. Through their proposals, vendors offer a solution to the objectives, problem, or need specified in the RFP requirements and define how they intend to meet (or exceed) the RFP requirements.

MARSHALL UNIVERSITY CRITERIA FOR SELECTION OF LOWEST RESPONSIBLE AND RESPONSIVE BIDDER FOR CONSTRUCTION PROJECTS

Pursuant to the laws of the State of West Virginia and Marshall University's Board of Governors Policy FA-9, Purchasing Policy, construction projects over \$100,000.00 must award bids only to the lowest responsible and responsive vendor. Therefore, Marshall University must consider the following factors, and the information from the Contractor's Qualification Statement (AIA Document A305-1986), when making a determination as to whether a contractor's bid is not only the lowest, but is also responsible and responsive. Therefore, the apparent low vendor with the lowest bid must respond in writing to the following thirteen (13) items and provide a completed AIA Document A305-1986 (Contractors Qualification Statement) to the Facilities Planning & Management, and the Office of Purchasing within twenty-four (24) hours after the bid opening. These documents will be used in the bid evaluation process to determine if the Vendor is both responsible and responsive. For all responses, please include any other company/vendor names that you have operated under that are included in the responses provided. Also include the years of experience the company/vendor has in the construction, renovation, or building repair business.

- 1. The company/vendor's participation in a drug program that meets the objectives, applicable laws and regulations for a drug free workplace including the use of tobacco and alcohol on school properties.
- 2. The continuity, experience and skill of the company/vendor's work force and that of the company/vendor's designated subcontractors.
- 3. The company/vendor's performance on similar construction projects. Please list the three (3) most current similar projects.
- 4. The company/vendor's ability to successfully complete projects within the proposed schedules and deadlines.
- 5. The company/vendor's participation in a *bona fide* joint apprenticeship program that is approved by the US Department of Labor, US Bureau of Apprenticeship Training and is administered in compliance with the rules and regulations of the WV Department of Labor. [See DOL 42-7-3.1(i)]
- 6. The company/vendor's history of compliance with Worker's Compensation and Unemployment Compensation laws.
- 7. The company/vendor's history of compliance with OSHA requirements.
- 8. The company/vendor's subcontractor's compliance with state regulatory agencies i.e. WV Department of Labor, the WV Insurance Commission, Workforce WV, WV Secretary of State' Office, etc.

Criteria for Selection of Lowest Responsible and Responsive Vendor

Page 2

- 9. The company/vendor's local hiring plan and history of compliance with the WV Jobs Act, (W. Va. Code, Chapter 21, Article 1C) regarding use of the local labor market.
- 10. The bonding record of the company/vendor.
- 11. The company/vendor's participation as a party in any legal action where an awarded liability could negatively impact the ability of the company/vendor to complete this project.
- 12. The company/vendor's financial stability and its impact on the company's ability to complete the project.
- 13. Response from company/vendor's references and recommendations of other owners for whom the company/vendor has worked.

All of the factors, as outlined above as supported by the accompanying Contractors Qualification Statement, will be considered by Marshall University in determining the "best" responsible and responsive Vendor.

If no problems or concerns arise from the oral presentation and interview, the Vendor will be awarded the contract. - **6.2.** Evaluation Criteria: Proposals will be evaluated based on criteria set forth in the solicitation and information contained in the proposals submitted in response to the solicitation. The technical evaluation will be based upon the point allocations designated below for a total of (seventy) 70 of the one hundred (100) points. Cost represents thirty (30) of the one hundred (100) total points.

Evaluation Point Allocation:

Total Proposal Score:

Project Goals and Proposed Approach (§ 4.2)

Approach & Methodology to Goals/Objectives (§ 4.2.1) (10) Points Possible
 Approach & Methodology to Compliance with Mandatory Project Requirements (§ 4.2.2) (10) Points Possible
 Qualifications and experience (§ 4.3)
 Qualifications and Experience Generally (§ 4.3.1) (40) Points Possible
 Exceeding Mandatory Qualification/Experience Requirements (§ 4.3.2) (10) Points Possible
 Total Technical Score: 70 Points Possible
 Total Cost Score: 30 Points Possible

6.3. Technical Bid Opening: At the technical bid opening, the Office of Purchasing will open and announce the technical proposals received prior to the bid opening deadline. Once opened, the technical proposals will be provided to the Center evaluation committee for technical evaluation.

100 Points Possible

R2301356 - Marshall University West Virginia Brownfields Assistance Center Building Removal and Renovation Initiative

6.4. Technical Evaluation: The Center evaluation committee will review the technical proposals, assign points where appropriate, and make a final written recommendation to the Office of Purchasing.

6.5. Proposal Disqualification:

- 6.5.1. **Minimum Acceptable Score ("MAS"):** Vendors must score a minimum of seventy (70) percent (forty-nine (49) points) of the total technical points possible in order to move past the technical evaluation and have their cost proposal evaluated. All vendor proposals not attaining the MAS will be disqualified.
- 6.5.2. **Failure to Meet Mandatory Requirement: Vendors** must meet or exceed all mandatory requirements in order to move past the technical evaluation and have their cost proposals evaluated. Proposals failing to meet one or more mandatory requirements of the RFP will be disqualified.
- **6.6. Cost Bid Opening:** The Office of Purchasing will schedule a date and time to publicly open and announce cost proposals after technical evaluation has been completed and the Office of Purchasing has approved the technical recommendation of the evaluation committee. All cost bids received will be opened. Cost bids for disqualified proposals will be opened for record-keeping purposes only and will not be evaluated or considered. Once opened, the cost proposals will be provided to the Center evaluation committee for cost evaluation.

The Office of Purchasing reserves the right to disqualify a proposal based upon deficiencies in the technical proposal even after the cost evaluation.

6.7. Cost Evaluation: The Center evaluation committee will review the cost proposals, assign points in accordance with the cost evaluation formula contained herein and make a final recommendation to the Office of Purchasing.

Cost Evaluation Formula: Each cost proposal will have points assigned using the following formula for all Vendors not disqualified during the technical evaluation. The lowest cost of all proposals is divided by the cost of the proposal being evaluated to generate a cost score percentage. That percentage is then multiplied by the points attributable to the cost proposal to determine the number of points allocated to the cost proposal being evaluated.

- **Step 1:** Lowest Cost of All Proposals / Cost of Proposal Being Evaluated = Cost Score Percentage
- **Step 2:** Cost Score Percentage X Points Allocated to Cost Proposal = **Total Cost Score**

Example:

Proposal 1 Cost is \$1,000,000 Proposal 2 Cost is \$1,100,000 Points Allocated to Cost Proposal is 30

R2301356 - Marshall University West Virginia Brownfields Assistance Center Building Removal and Renovation Initiative

Proposal 1: Step 1 - \$1,000,000 / \$1,000,000 = Cost Score Percentage of 1 (100%)Step $2 - 1 \times 30 = \text{Total Cost Score of 30}$

Proposal 2: Step 1-\$1,000,000 / \$1,100,000 = Cost Score Percentage of 0.909091 (90.9091%)Step $2-0.909091 \times 30 = \text{Total Cost Score of } 27.27273$

6.8. Availability of Information: Proposal submissions become public and are available for review immediately after opening pursuant to West Virginia Code §5A-3-11(h). All other information associated with the RFP, including but not limited to, technical scores and reasons for disqualification, will not be available until after the contract has been awarded pursuant to West Virginia Code of State Rules §148-1-6.3.d.

By signing below, I certify that I have reviewed this Request for Proposal in its entirety; understand the requirements, terms and conditions, and other information contained herein; that I am submitting this proposal for review and consideration; that I am authorized by the bidder to execute this bid or any documents related thereto on bidder's behalf; that I am authorized to bind the bidder in a contractual relationship; and that, to the best of my knowledge, the bidder has properly registered with any State Department that may require registration.
