

Investigation – Relevance of Evidentiary Material Form

Name of Party Completing Form:

Date Submitted:

In compiling the Investigative Record, the investigator will seek to provide relevant information to the Review Panel. The investigator has the discretion to determine the relevance of any requested evidentiary materials, and, accordingly, the investigator will determine which evidentiary materials they will seek to obtain.

If the investigator excludes a piece of evidence a party believes should be provided to the Review Panel, the party must complete this form to request that the material be included in the Investigative Record that is provided to the Review Panel.

If there is an appeal, documents collected during the investigation, but excluded by the investigator, will be provided to the Appeal Officer.

1. Please identify the specific piece of evidence and corresponding page citation, if applicable.

[Insert Text] *[Give specific, factual details. Attach additional sheets if necessary and indicate below how many additional pages will be attached to ensure complete receipt of your appeal.]*

2. Please explain why you believe this piece of evidence is relevant to the allegation(s) in the Formal Complaint.
